

Cribden House School

We will either find a way or make one

29.2.24

In attendance: Mr Yates, JQ/WG (All Stars 1), AH (Legends 1), BLG (Legends 2), LC (Avengers) CT/JM (Chiefs), IF (Incredibles).

Absent: Mr Kelleher, BH (Avengers)

- Mr Yates welcomed the children and explained that Mr Kelleher was in another meeting.
- Mr Yates reminded the children what we had done in the previous meeting and spread the leaflets on the table for the children to look at. Mr Yates explained to the children that they needed to choose one for the school, one to put up in the local Tesco's and one to post to the surrounding houses.
- The children took turns looking at the leaflets and discussing what they liked about each one. BLG (Legends 2) pointed out that we needed one with lots of information to inform people about Autism.
- The children chose the following leaflet to be posted around the school. CT (Chiefs) pointed out that we should display it in the reception area so everyone around school and visitors will see it at some point.

- The children then chose the following leaflet for Tesco's as it had a lot of information about Autism.

- The children couldn't decide which they preferred between the rest of the leaflets, so have decided to collaborate the following leaflets together. The children liked the bright yellow star on the first leaflet and the colourful heart of the second, but thought the information used of the third was very informative.

- AH (Legends 1) asked if we could display the other leaflets not chosen around the classrooms, to prevent anyone's feelings from being hurt. Mr Yates said this was a great idea and the rest of the A teamers agreed.

Actions: Mr Yates to create a collaborated leaflet from the three the children chose.

Our next session will be Thursday 14th March.

Thanks

The A Team 😊
