

**Cribden House School**  
We will either find a way or make one

**16.11.23**

- I welcomed all of the new members of The A Team. The team were passed their official badge that they can wear with pride and I explained what sort of things we will be doing.
- I welcomed Mr Yates and explained to the children that he will be helping us with our tasks each meeting.
- I explained that the meetings will take place fortnightly on a Thursday in the dining room.
- We showed the group some examples of autism awareness symbols and explained that our first job will be to ask children across school to either colour one of the symbols provided or create their own. The symbols must include a colourful jigsaw piece.
- I explained that we will collect all of the designs and create a beautiful display in the hall.

Some examples designs...

Mr Kelleher  
Mr Yates
