

ALL STARS 1

SUMMER GOVERNORS REPORT

MATHS

This term the children have been learning all about different methods for addition and subtraction. We have also been reinforcing their understanding of volume and capacity. Luckily the weather has been on our side and we have been able to do some outdoor learning.

ENGLISH

This term in All Stars we have been learning all about nouns, verbs and adjectives. The children have also been learning how to form sentences and re-tell the story of 'The rainbow fish'. Also, we have been showing the children how to write an informal letter.

SCIENCE

In Science we have been learning about the different seeds, bulbs and the various parts of a plant. All the children planted their own sunflowers and we will be observing these until the end of the school year.

PSHRE

During PSHRE we have been learning all about how to recognise our own qualities as a person and a friend. We have also been focusing on what it is to be a good friend. We have been identifying members of our families and understand that there are lots of different types of families.

PE

In PE the children have been learning new skills in cricket. They have been learning how to bat and how to do over arm throws. We have also been learning how to control balls by bouncing and throwing.

TOPIC

During this term All stars have been learning all about different artists and different styles of art. The children have all really enjoyed creating their own graffiti and pop art. We have been looking at all the different artists such as Banksy.

COMPUTING

All stars have been typing all about their hobbies and interests and then editing their work.

FOREST SCHOOL

All stars have been making butterfly feeders this term for our lovely forest. The children have also been doing team building games, they have been trying to think outside the box to solve problems.

WORLD OF WORK

Cribden House have been very lucky this term, we have had visits by lots of different people who do different jobs. We have had the fire brigade, high pursuit police officer, radiologist, a foster carer, a vet, farmer, librarians and an animal rescue centre. The children have learnt a lot from these people and were very inquisitive, asking lots of questions.
