

# ALL STARS 1

## SPRING GOVERNORS REPORT

### MATHS

This term the children have been learning all about mass and comparing weights. They have learnt about what can be measured in KG and G. The children have also been learning about addition and subtraction using the column method. We also repeated solving problems using money.

### ENGLISH

This term in All Stars we have been learning all about Beatrix Potter, where she was from and what books she wrote. The children have enjoyed watching various animations of her books, especially

'The tale of Jeremy Fisher' then acting the story out. The children have also been focusing on forming full and accurate sentences using the correct punctuation.

## SCIENCE

In Science we have been learning about animals and compare the structure of a variety of common animals, including pets. We have also been doing senses and smells, matching smells. The children also enjoyed doing some experiments involving insulation.

## PSHRE

During PSHRE we have been learning all about goals and how we can achieve them. The children all talked about what they want to be when they grow up and how they can achieve it. The children enjoy circle time with Jerry the cat!

## PE

In PE the children have been recapping balancing/dodging. They have also been learning some new skills through gymnastics. The children enjoyed the gymnastics and found it lots of fun.

## TOPIC

The children have been lucky enough to celebrate the Chinese New Year, (we took the children to a Chinese restaurant and supermarket in Manchester and enjoyed some Chinese food). We have also been learning about 'People who help us'. The children visited a fire station with a fireman showing them the fire truck and how to use the hose.

## COMPUTING

All stars have been learning the basic functions of a keyboard. We also have recapped all about on-line safety (Safer internet day took place on 7<sup>th</sup> Feb).
