## Science

Materials – We will explore different materials and their uses. We will investigate which materials melt/freeze, float/sink.

## PSHRE

We will be focussing on 'Celebrating Difference.' This unit will focus on celebrating differences and the children will learn how to respect these differences.

## PE & Physical Activity

For PE we will be focussing on 'Ball skills' We will be using a range of different balls to control, push, kick, throw and catch.

**2023/24**

**Autumn 2**

**Learning Plan**

**Wizards**

## Humanities

This half term our topic is 'Fire Fire!' We will explore what happened during the great fire of London. We will explore the work of the fire service and how this differed to 1666, we will look at fire equipment used in the past to what we have today.

## Other Curriculum Areas

*These subjects will centre around and embed learning within our 'Fire Fire!' topic.*

## Computing

Text & Images – We will know how to save and open work, create a picture on the computer and change the style of text.

## RE

Gifts and Giving – This unit delivers learning around Christmas and the importance it holds to different religions. We will learn about the birth of Jesus and the gifts he received and continued to give. We will look at charity and the importance it holds.

## Art & Design

Clay sculptures We will explore the work of Andy Goldsworthy and his work with nature. We will then work with clay to make different animals. The children will learn to sculpt, mould, roll and squeeze the clay.

## Music

Adding Rhythm and Pitch - The children start exploring instruments, creating a repeating beat. They will learn to sing and perform a range of different songs.

## Outdoor Learning inc. Forest School & Visits

Weekly forest school sessions will link and embed all curriculum learning.
