

# Champions

Autumn 2022

Champions

Our Champions have had a wonderful start to the year and have become a class full of buddies. We enjoyed our first topic 'Pigs, Possums and Penguins' and now we have moved on to 'Fire, fire, fire'. We already know all about the fire in Pudding Lane Bakery!

### English

In Champions class so far we have been busy learning all about the author Julia Donaldson and we enjoying acting out two of her amazing stories. We also got very excited about some piggy poetry and then we researched some fantastic facts about Penguins. Did you know that Penguins sleep standing up? This half term we have started our poetry unit and our Champions have been busy preparing to write a fire poem. Watch this space!

## Maths

In maths, our children have looked at 2D and 3D shapes, addition and subtraction, Standard And non-standard measure and sorting and sequencing. We have some super maths Champions!

## Science

This term in Science the Champions explored our outdoor areas learning all about plants. We enjoyed using straws so that we could see how plants use their root systems and we grew some tomato plants from old tomatoes. We tried to identify the different tree types in the forest and we know that plants need soil, light and water to grow.

## Geography

In our geography lessons our Champions found out where the Arctic and Antarctic are. We found out that Penguins live in the Antarctic. We also know that the countries closest to the equator are the warmest.

## Thrive/Forest

We have been getting very creative in our Thrive sessions.

We created some rainbow dreamcatchers. As part of our forest sessions we have explored the hammocks, slack lines and fire!

## PSHRE

In PSHRE we have been meeting all the jigsaw pieces. Our class jigsaw piece is Jigsaw Jenie. We have learnt all about how to be calm using the calm me chime and we know how to breath deeply. This helps us be calm at calm me time.
