

## Chiefs governors report

### Summer

We have really enjoyed English this term. Our class book has been *The World's Worst pets* by David Walliams. The chiefs have found this book hilarious. We have found facts about the author David Walliams and created a biography. This term we have looked a lot at different types of poems. We have looked at riddles, acrostic poems and senses poems. We wrote our own riddles and found it really tricky to guess the animals from the clues given. We have continued with our Wow writes and have shown real imagination and written a variety of genres from adventure stories to sci-fi.

## Maths

We've had a very busy term for Maths, we have been putting our measuring skills to the test and been making magic potions where we had to measure capacity and add amounts. We have been making estimates for different lengths and choosing the appropriate units of measures. We have also been reading and writing times in 1-minute intervals which the chiefs were super at.

## Scrummy Crew

We had a tasty treat this term and we took part in Scrummy Crew. This involved making and trying new foods. We made home made pizzas using toppings of our choice. We then made tacos, through making these we learnt how to use a sharp knife safely and cut up all the peppers for our tacos they were delicious! Finally, we then made fruit kebabs, we got to try fruits that we had never had before including passion fruit, papaya and persimmon. We were not keen on the look of the passion fruit.

## World of work

We had a very special treat this term and experienced the world of work. We had lots of visitors come into school and talk to us about their jobs. We had construction workers, police officers, mechanics, paramedics HGV drivers and martial arts instructor. We really enjoyed asking lots of questions and trying out some of their equipment. It gave us a real insight into the different jobs that people do.

## Blackpool Zoo

As part of our topic of animals around the world we took a trip to Blackpool zoo. We had a fantastic time! The chiefs loved every minute of it. We got to see all the amazing animals and we were lucky enough to have a talk from one of the zookeepers about what their job was all about. The chiefs learnt a lot about different animals and were amazed at some of the animals they saw.
