## Science

Earth & Space – In this unit we will learn about the Solar System, Planets, Stars and all associated key language.

## PSHRE

We will be focussing on 'Celebrating Difference'. This will include work centred around acknowledging the differences in everybody and celebrating these personal qualities.

## PE & Physical Activity

'Football' is our first unit in PE. We will focus on controlling the ball and moving into space. Our second unit is Basketball. Some of the skills include: creating space, shooting and defending.

**2023/24**

**Autumn 2**

**Learning Plan**

**Legends**

## Humanities – History

Ancient Greece - Ancient Civilisations will be our new topic. The children will be exploring artefacts, key dates in Greek history and mythology.

## Computing

Data Handling – We will learn to gather, record and present information and data in a way that is more helpful for others. This will be in graphs, charts or tables.

## RE

The Meaning of Christmas – The children will learn about the meaning of Christmas and how important this is to our communities.

## Art & Design

Ancient Greek Theatre Masks – The children will design, make and decorate their very own Greek theatre mask linked to our English topic.

## MFL

Days of the Week and Months – We will be focussing on Spanish this year as our 'Modern Foreign Language'. The children will learn how to say Days of the Week and Months of the Year.

## Music

Classroom Jazz (Improvising - Jazz)– The children will identify instruments used in this genre and listen to classic Jazz songs.

## Forest School

The children will be exploring a range of activities in Forest School. One topic area will link to our English topic of Greek Myths. The children will whittle vegetables into Greek spears. They will then use their new skills to whittle wooden spears. How exciting!
