

# Legends class report Spring 1

## Maths

This term in maths we have covered the topics multiplying and dividing by 1,10 and 100, converting and sorting fractions, factor pairs, multiplying 3 numbers and linking multiplication facts.

## English

In English we have been looking at the fantastic world of science fiction! We have mainly focused on Doctor Who as our reference to create our very own science fiction stories; filled with robots, futuristic weapons and flying cars! Whilst writing our stories we focused on the use of time adverbials and powerful adjectives.

## Science

This term in science we have been learning about air resistance, water resistance and friction. We have carried out lots of fun and exciting experiments this term also.

## Computing

This term in computing we have been looking at correctly saving and editing a photo. We have also touched on copyright and what it means when using someone else's photo.

## Spanish

This term in our Spanish lessons we have been learning the Spanish words for animals.

## PSHE

This term we have been talking about our goals and dreams. We have looked at the various steps we need to take to achieve these goals and whether they are short term goals or long-term goals.

# Forest

This term in forest we have been looking at making our own fairground tracks using natural materials. We have also been doing some very important clear up work around the school grounds.

## D.T

This term we have worked really hard at making our very own fairground stall. We firstly created a detailed plan, including measurements, tools that we would need, colours and any additional bits that we would need. We then had a D.T day where all the children showed off their skills in following their plan and bringing it to life.
