1. Miss Clough welcomed the children and took the register.
2. The Kings Coronation feedback was positive, HA said he enjoyed the cake, AB enjoyed the party and RR enjoyed the singing.
3. We have been given some left over water from forest club (HAF), LH said we should donate to some poor people who need help. HL said we could give it to people who need it more than us. LH said we should give it to some children. Miss Clough will organise a plan for this.
4. Miss Clough explained that we will be focussing on **Anti-Bullying** this term and explained that we want a focus on this all year round not just for a day or a week. Miss Clough asked the children what they think bullying means. LH said it's when someone is not being kind. Mr Pilling said that was a very good point as bullying doesn't always mean physically hurting someone. HA said it's when someone is being unkind over and over again. LH mentioned he has seen the Anti-Bullying posters in the stables building. RR said we should have a board for this over in the cabins. HA said we should tell an adult if someone is getting bullied. We discussed what someone getting bullied may feel. Miss Clough asked the children to think of ideas for how we can spread the message in a fun way. Making a video for children to then watch during snack time was one idea. All children wanted to participate in the making of this.
