Seahorses Spring Term

We have had a very topsy-turvy half term in Seahorse class. We all did some home learning for a short time. Miss Allan did some really fun Maths and English zoom lessons every day and we even sang some songs.
Some of our classmates are still home learning and they join us everyday on Zoom for lessons. We love to see them.
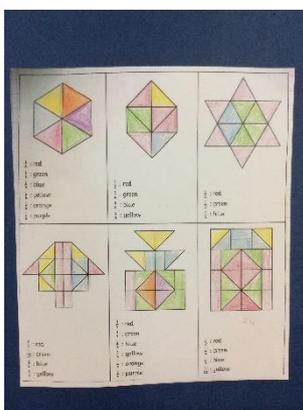

English

In English we have been reading Code Name Bananas by David Walliams. We researched what animals live in London Zoo and created fact files about a chosen animal. We also predicted what might happen next in the book and worked in pairs to act out our predictions.

Mathematics

In maths we have worked really hard on fractions. We looked at a fraction wall and we even did the Smarties challenge. The best part was being able to take the Smarties home afterwards!
We have also been learning about coordinates, how to read them and plot them on a grid.

Creative

The topic for this term is All Around the World and we have been learning about all the different continents. We looked at famous landmarks around the world and chose our favourite one to draw and research.

Scrummy Crew

We have been linking Scrummy Crew with our Creative topic of All around the world and trying different foods from different countries. We started with the United Kingdom and made some porridge. We weighed all the ingredients very carefully and mixed them all together until cooked. We tasted some jam roly-poly with custard and scones. They were delicious!

We also made rocky road and flat breads and tasted foods from India and China. Scrummy Crew is definitely our favourite lesson of the week!

THRIVE

We have been working hard in Thrive this term. We have learnt about choices and consequences and understanding our feelings. We have done this by playing games and finding ways to communicate with each other.

Activities

We have enjoyed plenty of activities including P.E, fitbods and playtimes. We also had fun building snowmen and decorating biscuits.
