

## **Sport Premium – 2021-22 allocation and 2020-21 impact report**

1. In April 2013, the Government announced new funding of £150 million for physical education (PE) and sport. This funding should be used to improve the quality and breadth of PE and sport provision.

2. Funding will be allocated to all maintained and state-funded schools with primary phase pupils, including: primary, middle, special and non-maintained special schools, academies and pupil referral units from 1 September 2013. A typical primary school received about £9,250 and then around £16000 since 2017.

3. Schools are free to determine how best to use this funding to improve the quality and breadth of PE and sport provision, including increasing participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.

(Ofsted Inspecting primary school PE and school sport: new funding September 2013)

We received about £16000 for **2020-21** and used this towards Sports coaching on 5 afternoons a week from Pro Sports, an organisation with vast experience of SEMH children lunchtime clubs too. The funding also covered some lunchtime clubs too

The funding for **2021-22** academic year remains in place for Primary schools and will again amount to approx. £16000. From September 2021 we will continue to use the Sports premium funding for sports coaching five afternoons a week and some lunchtime clubs too.

### **2020-21 Impact of Sport Premium spending**

<b>Intervention</b>	<b>Impact</b>
