

## Wizards governors report Autumn

This term, Wizards have been working hard in all aspects of learning and are very proud to show you what they have achieved. We have covered a variety of topics and have certainly expanded our knowledge!

### English

This term in English, the Wizards began by looking at stories from the same author. We looked at our favourite author Julia Donaldson we looked at her very famous books – The Gruffalo, Stickman, Room on the Broom, Zog and Snail and the whale. The children loved listening to these stories and explored the stories in different ways. We could use adjectives to describe ‘The Gruffalo,’ we created our own Stick men and took them on our own adventure! We also looked at a variety of poems based on the theme of animals. We were able to identify the different rhyming words and worked together really well to perform a poem we had learnt!

## Maths

The wizard children are a group of budding mathematicians! We have focussed this term on number and counting. We have practised our counting skills through singing lots of different songs and being able to represent numbers in different ways. We have used lots of practical resources to count and we are trying extremely hard when forming our numbers.

## Art

The wizards love all things messy! They have loved the art sessions this term. We have been practising our colour mixing using primary colours. We used different medias to complete observational drawings. Our favourite part was looking at the famous artist Andy Goldsworthy who was famous for using natural objects in his art – he even used cow dung! We made our own piece of art using his as inspiration.

## Forest School

The wizards truly love being outdoors! They took our learning of The Gruffalo outside where we went on a Gruffalo trail! We then picked our own blackberries and made a delicious Gruffalo crumble! Then onto Autumn when the weather started getting dull. We looked at the signs of Autumn – picking conkers and looking at the change of colour in the leaves. In the final week we had a free play session where we got to hang out in the hammock and went river paddling!
