

Key Vocabulary

seasons	In the UK, there are four seasons each year. They are spring, summer, autumn and winter .
autumn	In autumn , the temperature begins to get lower and it can be quite chilly and windy. It starts to get darker earlier in the day. Some animals get ready to hibernate and some types of trees lose their leaves.
winter	Winter is the coldest season of the year. It can be very rainy and windy and it might even snow. Not many flowers are in bloom during winter and lots of trees have lost all their leaves. Some animals hibernate during winter and many are less active than in the warmer months.
weather	The weather includes the temperature outside, how windy it is and rainfall (how much it rains). We can also describe cloud, snow and sun.
daylight	Daylight is when it is light outside. The amount of daylight changes with each season .

The Four Seasons	
autumn September October November	winter December January February
spring March April May	summer June July August
