Anglo-Saxons invade

During the Roman rule of Britain, tribes from Denmark and Germany attempted to invade Britain. The Romans built shore forts on the east and south coasts of England to protect themselves from invasion. After the Romans left in AD 410, three tribes called the Angles, Saxons and Jutes invaded England. They attacked and killed Britons or caused them to flee to Cornwall, Wales or Scotland. By AD 600 the invaders had claimed England as their own country and divided it into seven kingdoms. Each kingdom was ruled by an Anglo-Saxon king.
