

Puppets

Today we will be:

Evaluating our finished puppets.

Well done! You have finished your puppets!
Can you introduce your puppet to your friends?

Today you are going to be **EVALUATING** your finished puppets.

What does it mean to evaluate something and why is this important?

Think, pair, share your ideas.

Evaluating something you have made means thinking about what went well, what was difficult, what you are pleased with and what you would change if you were to make it again. Evaluating is important because it helps you to make your work better in the future and to avoid making the same mistakes.

Find a partner so you can talk about some questions together...

**What did you
most enjoy about making
your puppet?**

**What did you find
most difficult when you were
making your puppet?**

**What would you do
differently if you were to make
your puppet again?**
