

PURPLE MASH

PARENT NEWSLETTER

We use Purple Mash (<https://www.purplemash.com/login/>) at school for in class and home learning. It is a comprehensive suite of online learning tools and content designed to be used by primary aged children. You can access Purple Mash online via a laptop or tablet. Find out more here: <https://2simple.com/parents>

Please see _____ if you need your log in details again.

PURPLE MASH & NICKELODEON

We are excited to announce a new partnership between Little Brother Books, Nickelodeon and Purple Mash to make learning fun for kids. Our first range of educational books feature all the high-quality learning content that you expect from Purple Mash but partnering with hugely well-known and instantly recognisable characters from popular Nickelodeon shows.

These educational workbooks are unique as they combine trusted school's curriculum content with fun characters so making learning fun for kids. They cover a range of subjects and ages, so there is something for everyone. Perfect for long journeys or whilst at home; they will keep children learning over the summer ready for the new school year!

The titles can be purchased from [Little Brother Books](#) and as a Purple Mash parent, you can also claim an **ADDITIONAL 10% OFF** (in addition to the 50% OFF already on offer!) using code **"LBB10ED"**.

Please note, you will need to add your purchase to your cart, then click on 'View Cart' before checkout. Then you can add the code in the 'Use Coupon Code' section.

We would love you to share pictures of the books and wonder how far they will go over the summer. If you tag us on social media **#PMbooks**, you will be entered into a draw to win a goody bag from 2Simple.

GAMES ON PURPLE MASH

There are a wide range of games for your child to use to help develop their Maths and English skills.

Bond Bubbles you will find three mysterious new lands waiting to be discovered. Each land has a series of levels, which all need to be completed before you can progress to the next land. A path through each land is charted on a map for explorers to follow, and they must complete each level to continue along the path in order to complete their journey along each path. Each level shows what players need to do before they launch into it. [Play Bond Bubbles here.](#)

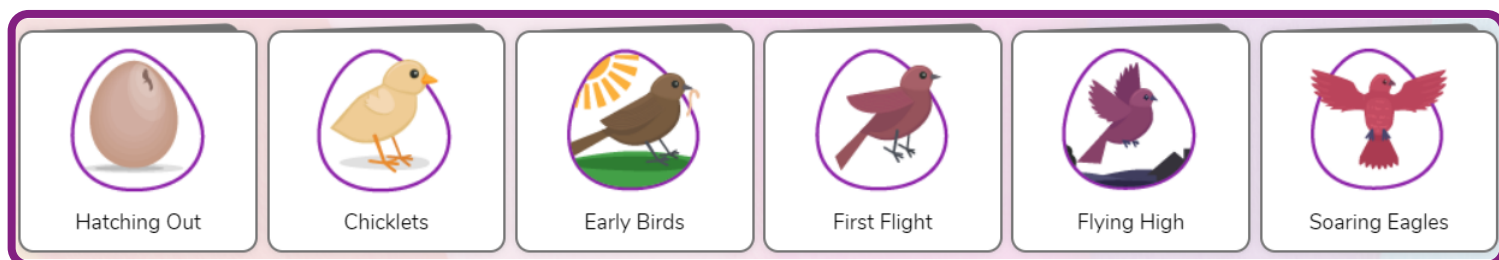

In Dividers, players embark on an interplanetary quest through three different worlds, each more treacherous than the last. Each world must be completed before the next can be explored, unless a specific level has been set by the class teacher. [Play Dividers here.](#)

Sequence Snake lets your child apply knowledge of number facts and sharpen their mental arithmetic in a challenging yet fun game. They must strategically feed Sequence Snake by guiding him to the next correct number. With every correct number eaten, sequence snake grows by that amount.

[Play Sequence Snake here.](#)

We also have a range of grammar games that your child can use depending on their age range. Each category has a selection of games that help them improve their grammatical knowledge. perfect for your child to develop and practice their skills.

You can find all our educational games to support learning in both [Maths and English here.](#)

Thank you for all your support this year and we wish you a restful and safe summer.
