Let us pray -

Dear Father,

We pray for the families of those who have been victims of violent crime – and especially for the parents. We acknowledge their deep pain and grief for the loss of their son or daughter they had loved and nurtured through childhood.

Father we believe that You care about these young people and their families. We pray for the families who have lost their precious young people, one after another, for no reason. We ask you to bring comfort to every person grieving their loss.

In your name, we pray.

Amen
