Christians believe that Jesus is alive through the Holy Spirit.

These optical illusions show us that we don't always see things as they are.

What is the Holy  
Spirit?

**Was it raining on your way to school this morning?**

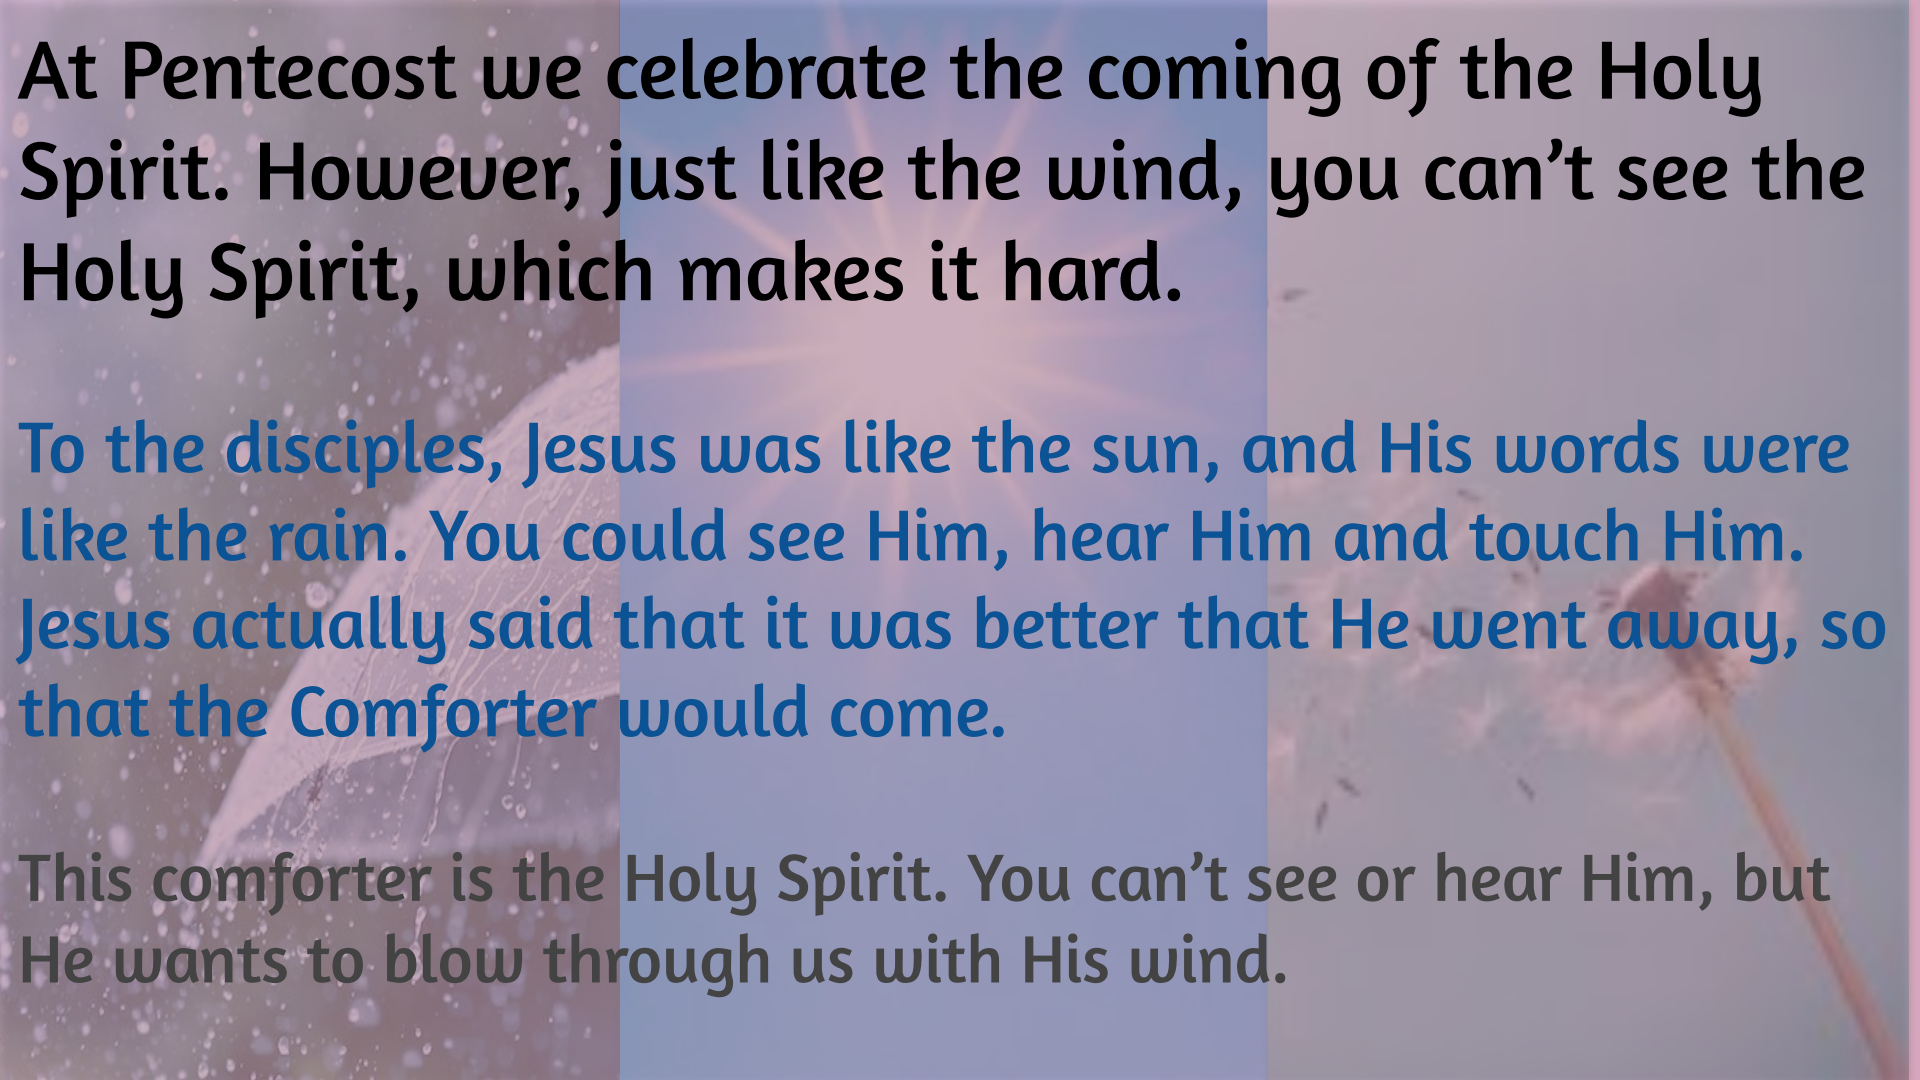

A bright sun with rays shining in a clear blue sky. The sun is positioned in the upper right quadrant, creating a starburst effect with numerous rays extending outwards. The sky is a uniform, vibrant blue. The text "Who saw the sun?" is centered in the lower half of the image in a white, sans-serif font.

Who saw the sun?

Did anyone see  
the wind?

At Pentecost we celebrate the coming of the Holy Spirit. However, just like the wind, you can't see the Holy Spirit, which makes it hard.

To the disciples, Jesus was like the sun, and His words were like the rain. You could see Him, hear Him and touch Him. Jesus actually said that it was better that He went away, so that the Comforter would come.

This comforter is the Holy Spirit. You can't see or hear Him, but He wants to blow through us with His wind.

**The optical illusions show us that we sometimes need to change how we see things.**

Dear Lord,

Jesus died, but came back to life again. He wants to be our forever friend. He will always be with us, wherever we go. What a good friend for us to have!

Amen.

**Closing Words –  
Glory to the Father and to the Son  
and to the Holy Spirit**

**As it was in the beginning is now  
and shall be forever.**

**Amen**
