

Attendance Newsletter

Dear Parents/Carers ,

Thank you for another positive week in school, I think we are all settling back into our routine nicely. We have been carrying out activities in school this week to enable us to check where the children are, where the gaps are and what essential teaching needs to happen going forward. The teachers and I are very proud of all of the children in school who have tried their best with these activities all week. Our attendance this week has been and you can see from our whole school attendance that

Remember, even though we are back at school, we still need to stick to the rules to keep ourselves and our families safe. There has been an increase in the number of children off school this week as a result of symptoms and being tested for Covid. Please stay socially distanced, when this can't happen please wear a mask, including when on school property and keep washing your hands.

Covid-19 Attendance Updates -

Children should only be kept off school-

- If your child or a member of their household is self-isolating because of a positive test for, or symptoms of, Covid-19.
- If your child is self-isolating because they have been in close contact with someone who has tested positive for, or has symptoms of, Covid-19 (e.g. if Test and Trace shows they have been in a space at the same time as someone who later developed the illness).
- If your child has to quarantine as a result of travelling abroad (bear this in mind if you're booking holidays for later in the year).
- If your child is extremely clinically vulnerable, i.e. shielding. If a member of the household is extremely clinically vulnerable, however, your child should still go to school, even if there is a local lockdown.

These are authorised absences, school must be kept informed on the situation as this may effect bubbles in school. If your child is ill and it is non-covid related, school still need to be informed to make sure that this absence is authorised. We need children to be in school as much as possible as so much learning has already been missed.
