Every smile, cuddle, chat, story and game makes a huge difference, helping them learn to communicate, develop confidence and make friends.

Data

Current data from the National Literacy trust shows: **45%** of **0–2s** are read to daily or nearly every day. This increases to **58%** of **3–4s**, in part to get them 'school ready', and by **5–7** years, parents reading daily to their children drops back to **44%**.
