Home Learning

Please check your child's school diary for their **Purple Mash** and **Numbots** logins.

'**Hit the Button**' is an online game that will help the children remember number bonds, doubles and halves.

ClassDojo

If you are not signed up to **Class Dojo** please take your mobile to the school office and they will offer help. There is lots of important information sent this way.

The teacher will add a message to **Class Dojo** every week to outline the learning for the week.

Reading 3x weekly and accessing '**Numbots**' and '**Hit the Button**' is the children's Y1 homework.

In Autumn Term 2, the children will also take home weekly spellings. These are to be practiced at home and at the end of the week there will be a spelling check.

Please do not allow the children to practice their spellings in the school book.

Phonics/Reading

Phonics is at the heart of the Year 1 curriculum.

Children learn to read using their phonics skills, not the alphabet.

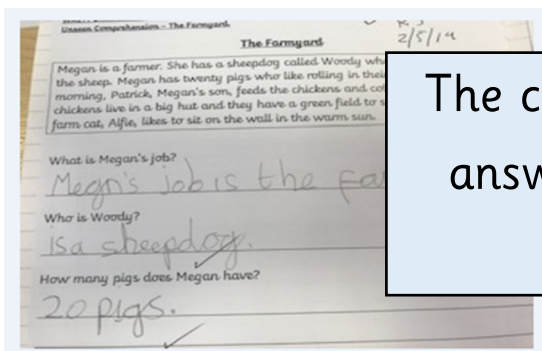

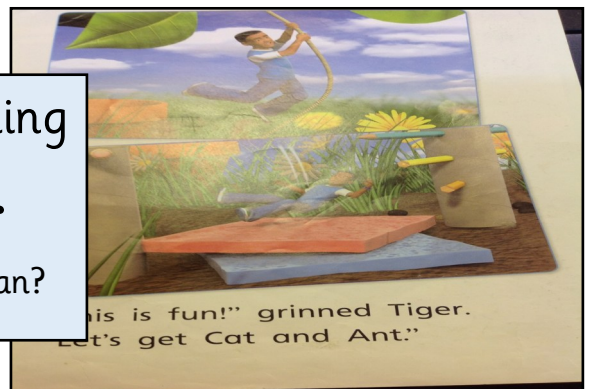

In Year 1 the daily phonics lessons help to support the children in reading books that are closely matched to their phonic ability.

town

park

The children will explore the meaning of unfamiliar words - **grinned**.

What do you think the word grinned might mean?

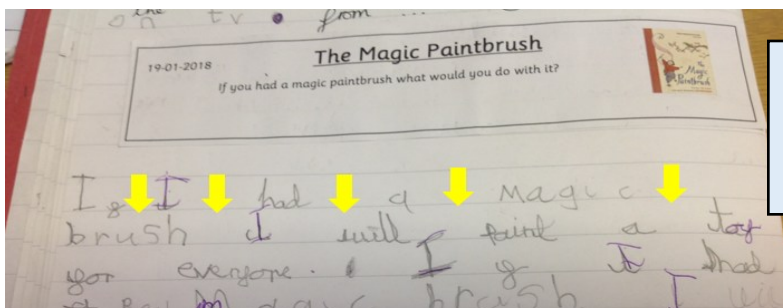

The children will read short texts and answer basic questions about what they have just read.

Writing

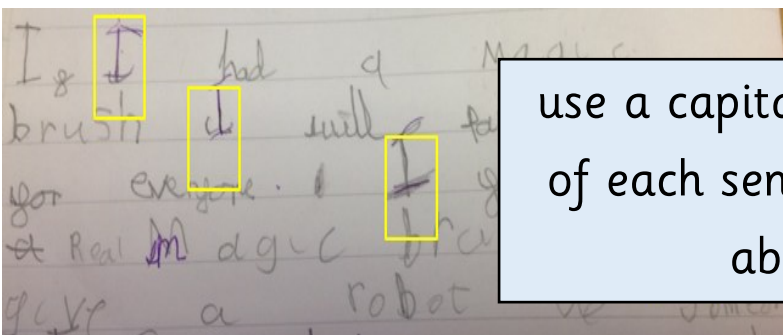

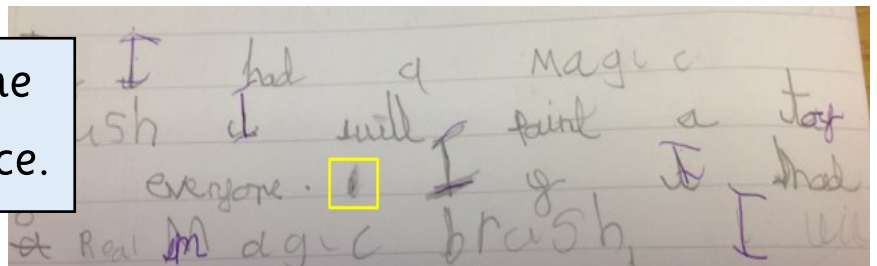

In Year 1 the children use a range of exciting, ambitious texts in order to write a range of interesting sentences.

This year, the children will learn how to...

leave consistent finger spaces between words.

use a full-stop at the end of every sentence.

use a capital letter at the beginning of each sentence and when writing about themselves.

The children will also develop the correct formation of every letter of the alphabet and learn to write on the lines.

Maths

At Deepdale we block Maths topics across the year.

Number - Place Value, Addition and Subtraction, Multiplication and Division and Fractions.

Measurement - Money, Time, Length and Height, Weight and Volume

Geometry - Shape, Position and Direction

Addition

Add one-digit and two-digit numbers to 20.

The children will use practical equipment to combine groups by counting all or counting on

11 5 $11 + 5 = 16$

Subtraction

Subtract one-digit and two-digit numbers to 20.

The children will use practical equipment develop take-away strategies

$13 - 4 =$

Touch count and remove the number to be taken away, in this case 4.

Touch count to find the number that remains.

Multiplication

Solve multiplication problems using practical equipment and jottings.

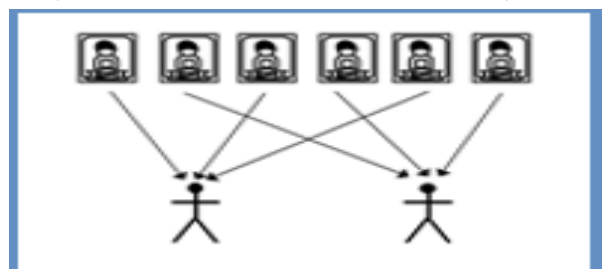

The children will use equipment to make groups.

Division

Solve division problems using practical equipment and jottings.

The children will use equipment to share objects and separate them into groups.

Wider Curriculum

The Wider Curriculum subjects are taught in the afternoon throughout the year.

There are a range of units within each subject.

Some examples of these are:

Keeping in Touch

There are lots of ways that school keep in contact with parents on a daily/weekly basis.

All of the Apps below can be downloaded to a mobile phone.

The class teacher or Mrs Pollard will use this on a weekly basis to inform parents about any important information or changes to the curriculum.

Parents can also contact the class teacher on Dojo during school hours.

Please do not report children's absences on Class Dojo. Parents must contact the office instead.

The school office will send out important information about trips/events and upload the weekly newsletter.

An App to pay for events or trips that might happen over the year.

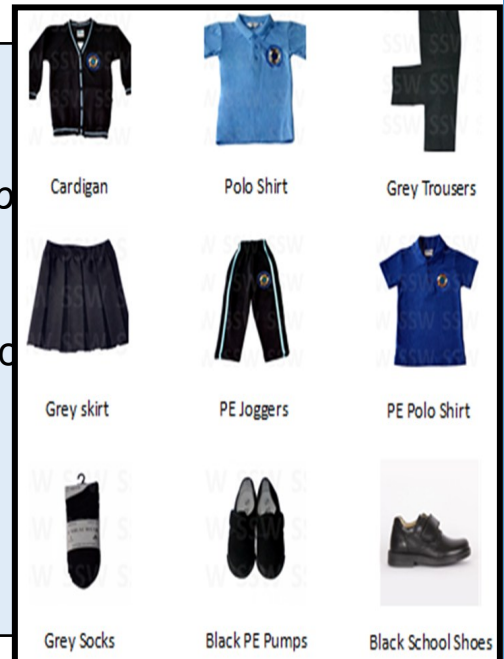

If you experience any difficulty in accessing the Apps above, please contact the school office or Mr Scott who will be happy to help.
