

EYFS: End of Autumn

Maths Termly Non-Negotiables

By the end of the autumn the greater majority of children will be able to...

Counting

I can count up to 10 objects **moving each one** as they are counted

I understand that the last number spoken is the size of the set

I can use the word Zero to represent none.

Number Recognition

I can recognise the numerals 1-9

I can order numerals 0-9

Number - Calculating

I can combine two groups of objects counting how many are there up to 5.

I can remove a given amount from a set counting to find out how many are left up to 5.

I know that addition is combining sets of objects and that subtraction is removing one amount from another.

Number - graphics

I can use my own marks and symbols to represent a given amount and explain what they mean.
