## Fluent in Five

## Questions and Answers

## Year 5 - Week 1

## This week in a nutshell:

This is the first week children will be exposed to Fluent in Five. As such, the number of questions has been reduced to 4 (rather than 5 from week 3 onwards).

Mental methods this week focus on those which should be secure from Year 4, including:

- Adding a three digit number and tens.
- Simple mental multiplication for the 7 times tables.
- Finding unit fractions of numbers.

Multiplication and division questions which may need to be supported with either the formal or informal written method or jottings are included, with the 7 times table as their base. This week written addition questions include exchanging in one column only.

No two mark questions are included this week.

LeARNING
Week 1 - Day 1
A. $186+70=$
B. $5,667+3,334=$
C. $3 \times 7=$
D. $161 \div 7=$

## Year 5

## $\underset{\substack{\text { third space } \\ \text { LEARN NI }}}{ }$ Week 1 - Day 1 (ANSWERS)

A. $186+70=256(\mathrm{M})$

## B. 5,667 + 3,334 = 9,001 <br> (w)

C. $3 \times 7=21$ (M)
D. $161 \div 7=23(w)$
