## Fluent in Five

## Questions and Answers

## Year 5 - Week 2

## This week in a nutshell:

Mental methods this continue to focus on those which should be secure from Year 4, including:

- Simple mental multiplication for the 7 times tables.
- Finding unit fractions of numbers.
- Dividing by 10.
- Adding three one-digit numbers.

Multiplication and division questions which may need to be supported with either the formal or informal written method or jottings are included, with the 7 times table as their base. This week subtraction and addition questions include exchanging in one column only.

No two mark questions are included this week.
