# take full control of your web site

> *Schudio are exceptionally good to work with throughout the production of our website. They were flexible, worked well to deadlines, communicated effectively and demonstrated the creativity needed to produce an eye catching website.*

Neil Greaves
Blackpool Sixth Form College

Trusted by schools and colleges across the UK, Schudio is leading the transformation of the way your web site is built and managed.

You can create a web site within a matter of minutes and begin customising the look and feel of your site, adding a wide range of content and giving staff and students alike access to create dynamic exciting content quickly and easily.

Schudio makes running your web site much easier for teachers and can be used to do a lot more than just keep basic information up to date.

# What is Schudio?

***Schudio is a trusted and powerful tool for managing your school web site***

> *Schudio is second-to-none in terms of its user-friendly approach and you do not require any prior web knowledge to be able to use it.*
>
> *I would strongly recommend anyone to use it as it allows full flexibility for anyone in the organisation to use and update content.*

Karen Alcock
Birkenhead Sixth Form College

Schudio is a content management system trusted by schools and colleges which gives you the power to control your web site content from any location.

The system is renowned for being very easy to use and hugely flexible; giving you everything you need to truly bring your school's online presence to life.

We're here to support you and provide advice and training to make sure you get the best out of Schudio at all times.

Plus, because Schudio is subscription based your system is kept up to date with all the very latest features.

schudio

# Features

***Everybody gets everything - all accounts include all features***

> *Schudio makes it very easy for content to be altered via its intuitive interface.*
>
> *You can tell a lot of time has been spent on the development and functionality of the CMS.*

John Paul Szkudlapski
Birkenhead Sixth Form College

We don't believe that smaller schools should get access to less features than schools that may have more money, so we make all our features available on all accounts.

The only difference in the accounts we offer is how much web space you have available and of course bigger schools need more space.

Have a look at the key features over the next few pages and remember that ALL Schudio packages include a mobile site with controls in the admin area to manage your mobile site content.

schudio

# Features

***No system offers a wider range of features***

## Content Management

Schudio give you the ability to quickly, simply and easily modify EVERY piece of content on your school or college web site.

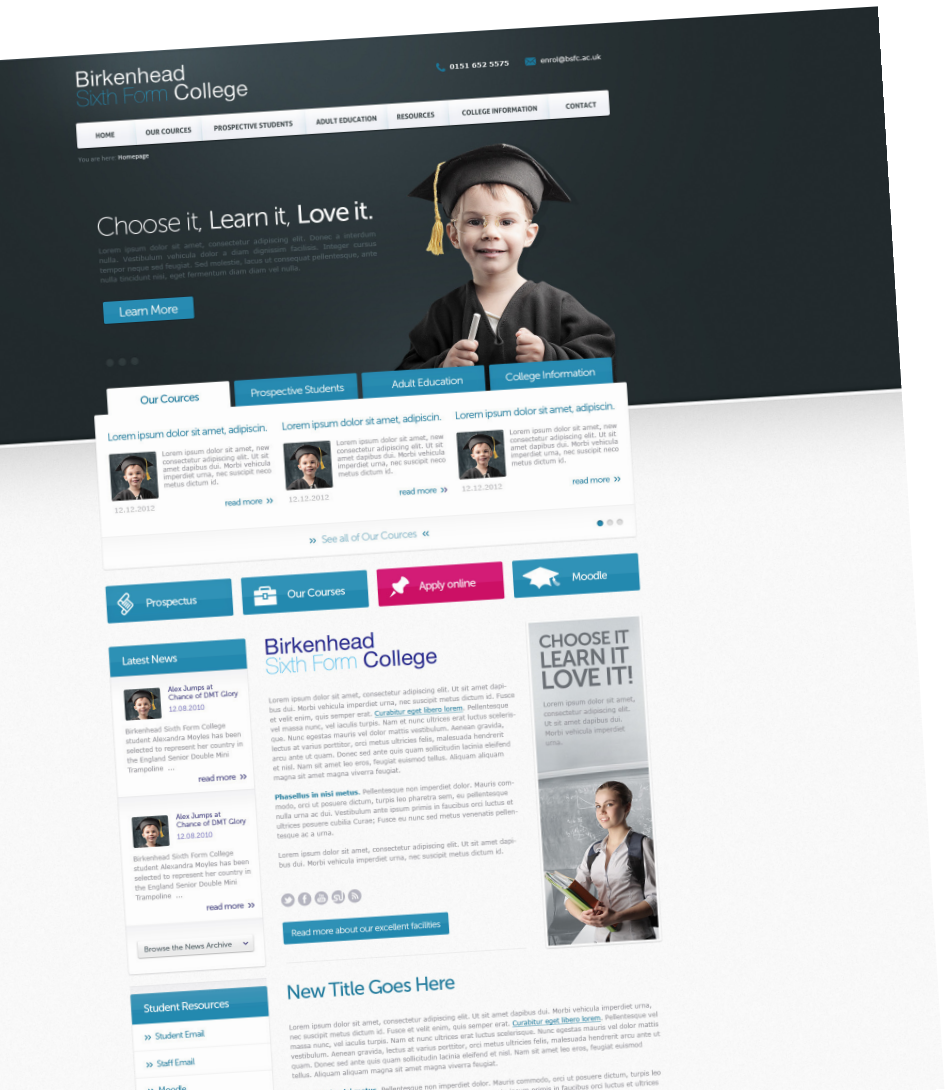
Give users permission to control specific parts of the site and approve their content before it goes live.

Add text, images, video, slideshows, podcasts and so much more.

## Design Control

Schudio allows you to control the look and feel of your site to ensure it matches your branding for no additional cost.

Choose from our beautiful Standard Theme and you can chose from a huge range of colours and upload your branding to bring the site to life, or ... ask us to design you a bespoke theme for a very competitive price



*I love using Schudio - I can help keep the school web site up to date and I even have my own page on the web site so I can tell everyone I know what I've been doing in school.*

*Me and all my friends love using Schudio.*

Nathaniel Lamb
Year 6 student, Lytham St Annes

# Features

*everyone involved - engage socially*

## Instant Class Pages

Create pages, control who has access to edit them and empower your staff and students to create their own pages of content.

We work with schools to provide tools and training to fit into your ICT curriculum so that your students learn basic HTML, web content management, image editing and much more.

## Section Management

Schudio enables you to manage many different aspects of your web site with specific modules for events, news, photo galleries, media, course management, staff and student profiles, job vacancies and much more.

You really could not have more control over the content of your site.

## Social Media

Engage with your users socially by integrating social networks into your site - Schudio provide easy to use links to all the major social networks so that you can quickly and easily give your users the tools they need to spread the word.

## Web Site Stats

Schudio integrates seamlessly with Google Analytics to give you access to most powerful user tracking tools available online.

See where your users are coming from, how they're finding you and what they're doing on your site.

schudio

# Features

***bringing you the best online tools available***

## Sponsored Events

Link your site to your Paypal account really easily and you'll be able to collect donations for your school immediately!

Link this to our events system and you can create powerful sponsored events that you can monitor with Schudio.

## E-Learning Resources

Quickly and easily add learning resources to your site from a selection of renowned resources.

Include maths tests, literacy, spelling, vocabulary, quizzes and much more.

## Media Manager

Upload video, audio and documents in Schudio's media manager and instantly drop any of these into any page on your web site.

Simply copy and paste a tiny bit of code where you want the media to appear and Schudio will do the rest automatically.

## Flip-Book Viewer

Upload PDF or Doc files and link to our flip-book viewer and get an instant and beautifully presented document viewer in your site - a fantastic way to get your newsletters and other important letters in front of parents.
