

Dear Parent(s) and Carer(s),

In our final week of this half term, it has been lovely to have the sun shining more often. During the week, our year 10 students received all of the information and resources needed for their exam preparation. These pre-public exams will take place in the week beginning 20<sup>th</sup> June. The half term break is the perfect time to start to get organised with a revision timetable and plan to attend the after-school revision sessions. Our year 7 students will also have the end of year assessments starting in the week beginning 13<sup>th</sup> June.

I hope that this half term week is also a time for you all to have a good rest and enjoy the Platinum Jubilee celebrations over the extended bank holiday weekend.

Yours faithfully  
Mrs Brown  
Headteacher

### Vegetable Garden

Our Creative Technologies department are really excited to have some new additions to their department. They have planted out some baby seedlings into their vegetable patches. This has been a collaborative activity with the site team helping to prepare the beds and students helping to plant them out. We're all looking forward to seeing (and maybe eating!) some home-grown courgettes, cauliflower, beetroot and pak choi. You might just about be able to see them in the pictures below!

If any parents/carers have any tools or gardening gloves that you have spare and are willing to donate, we would be delighted to receive them.

## Positive Points

As you are aware, we recognise and reward students for all of their positive behaviours and interactions by logging positive points on Classcharts. These focus on our FAITH values and our student 7 essentials: the key behaviours that we expect in all lessons.

Over the course of the year our target has been to beat the 5:1 positive: negative ratio that is the recommended amount. We are aiming for a 10:1 ratio and I wanted to share just how many positive points have been logged so far this year.

The pie chart below shows the fantastic proportion of positive interactions that we see. The green section represents 90% of all points which is absolutely fantastic.

Since the summer, staff have issued a total of **531703** positive points. A huge well done to all students who show so many positive attributes every day.

### Year to date

01/08/2021 - 27/05/2022
