1. Our Trust

Promoting good school attendance is everyone's responsibility.

DDAT strives to ensure that all its schools create an inclusive environment which enables and encourages all pupils/students to reach their full potential. For pupils/students to achieve in accordance with their potential and to gain the greatest benefit from their education, it is vital that they attend regularly.

DDAT understands that barriers to attendance are complex, and that some pupils/students find it harder than others to attend school; therefore, DDAT schools will prioritise cultivating a safe and supportive environment in all their schools, as well as strong and trusting relationships with all pupils/students and parents/carers.

There is a Trust Attendance Strategy which aims to:

- Improve attendance in all DDAT schools
- Reduce persistent absence in all DDAT schools
- Develop strategies to catch up lost learning for pupils/students whose attendance is a concern

2. Our School Context

Derby Cathedral School is transitioning to be an Inclusive Attendance school. Our unwavering commitment to attendance centres around child-centric actions, evidence-informed practices, and a shared understanding of everyone's roles and collective responsibilities to promote exceptional attendance.

Inclusive Attendance Development Programme

We have reviewed and are further enhancing our attendance practices through dedicated participation in the Inclusive Attendance development programme. This investment allows us to remain at the forefront of educational change and extends unparalleled support to our children and their families, equipping them with access to the finest possible assistance.

Multi-Tiered System of Support

To guarantee a comprehensive approach to attendance, we implement a Multi-Tiered System of Support. A Multi-Tiered System of Support (MTSS) for school attendance involves three tiers of intervention, with roles for teachers, the school, children, parents, and external agencies – including the Local Authority. Data-driven decision-making and training requirements are pivotal to the implementation of the system. The system aligns with the Department for Education's (DFE) "Working Together to Improve School Attendance" guidelines.

Factors Influencing Attendance

There are many factors which can impact on a child attending school, if you have any concerns you should contact the school as soon as possible:

Health Issues: Children may experience physical or mental health issues that lead to absences. Chronic illnesses, infections, and mental health conditions can impact a student's ability to attend school regularly.

Family Circumstances: Family-related factors such as bereavement, family illness, or caring responsibilities can result in absences from school. In some cases, students may need to take time off to support their families.

Bullying and Safety Concerns: Experiences of bullying, harassment, or safety concerns at school can deter students from attending. They may fear for their safety or well-being, leading to increased absenteeism.

Transportation Issues: Difficulty in accessing transportation to school, especially in rural areas, can affect attendance. Lack of reliable transportation options can lead to sporadic attendance.

Socioeconomic Factors: Families facing financial difficulties may struggle to provide necessary resources for their children to attend school regularly. Issues such as lack of appropriate clothing, food, or a stable home environment can contribute to absenteeism.

Special Educational Needs (SEN): Students with special educational needs may require additional support and accommodations to attend school regularly.

Engagement and Motivation: Lack of engagement with school activities and a perceived lack of relevance in the curriculum can lead to disinterest in attending. Children who are not motivated may avoid attending school.

Academic Challenges: Students facing academic difficulties or feeling overwhelmed by coursework may avoid school. They may fear falling behind or failing in their studies.

Cultural and Language Barriers: Children from diverse backgrounds may face challenges related to language barriers or cultural differences. These challenges can affect their attendance and engagement with school.

Peer Pressure and Social Factors: Influence from peers can impact attendance. Children may avoid attending school to align with the behaviour of their peers or to engage in social activities outside of school.

Parental Involvement: Parental support and involvement in a child's education can positively influence attendance. Lack of parental engagement may lead to increased absenteeism.

Supporting Attendance at Derby Cathedral School

To address any identified attendance issues effectively, we will implement a range of strategies such as early intervention, support for vulnerable families, intervention programmes, and creating a positive and inclusive school environment. Understanding the specific factors affecting attendance for individual children and families is crucial for developing any targeted interventions and support systems to improve attendance outcomes.

4. Our Aims and Approach

We are committed to meeting our obligation with regards to school attendance through our whole-school culture and ethos that values good attendance, including:

- Promoting good attendance.
- Reducing absence, including persistent and severe absence.
- Ensuring every pupil/student has access to the full-time education to which they are entitled.
- Acting early to address patterns of absence.
- Building strong relationships with families to ensure pupils/students have the support in place to attend school.
- Promoting and supporting punctuality in attending lessons.

Our attendance philosophy recognises the importance of both personal and collective achievements, it is an approach which aims to address negative factors which can impact children/young people and to create an inclusive environment where we can foster positive relationships with our pupils/students and their families.

We recognise that school attendance plays a key role in shaping academic outcomes, personal development, and prospects; regular school attendance can have a significant impact on:

- **Academic achievement:** There is a correlation between regular school attendance and academic outcomes.
- **Knowledge:** School is where children/young people acquire knowledge and skills that are crucial to their growth and development; missing days is missing opportunities.
- **Social Development:** School provides an environment for children/young people to develop social skills, interact and form bonds and attachments. Consistent school attendance supports peer group connections.

- **Routines:** School attendance provides structure and routine, helping children/young people to learn time management and the organisational skills they will need in later life.
- **Teacher interaction:** Regular attendance enables staff and pupils/students to develop meaningful and productive relationships which support teacher understanding of needs and assessment of progress.
- **Preventing knowledge gaps:** Poor school attendance leads to knowledge gaps and pupils/students can find it difficult to catch up potentially leading to long-term academic difficulties.
- **School engagement:** Children/young people who attend school regularly are more likely to become involved in extra-curricular and enrichment activities.
- **Parent/carer legal responsibility:** Parents/carers are legally responsible for ensuring their child's/student's regular school attendance; failure to do so can lead to legal consequences.

5. Legislation and Guidance

This policy meets the requirements of the [Working together to improve school attendance \(applies from 19 August 2024\) \(publishing.service.gov.uk\)](#) from the Department for Education (DfE), and refers to the DfE's statutory guidance on [school attendance parental responsibility measures](#). - Part 7 of [The Education and Inspections Act 2006](#)
- [The Education \(Pupil Registration\) \(England\) Regulations 2006 \(and 2010, 2011, 2013, 2016 amendments\)](#)

7. Recording Attendance

7.1 Attendance register

We will keep an attendance register and place all pupils/students onto this register.

We will take our attendance register at the start of the first session of each school day and once during the second session. It will mark whether every pupil/student is:

- Present
- Attending an approved off-site educational activity
- Absent
- Unable to attend due to exceptional circumstances.

Any amendment to the attendance register will include:

- The original entry.
- The amended entry.
- The reason for the amendment.

- The date on which the amendment was made.
- The name and position of the person who made the amendment.

Please refer to Appendix 1 for the DfE attendance codes.

We will also record:

- Whether absences are authorised or not.
- The nature of the activity if a pupil/student is attending an approved educational activity.
- The nature of circumstances where a pupil/student is unable to attend due to exceptional circumstances.

We will keep every entry on the attendance register for three years after the date on which the entry was made.

The register for the first session will be taken at 8.40am and will be kept open until 9.10am. The register for the second session will be taken at either at 12.40pm or 1.15pm and will be kept open until 1.10pm or 1.45pm, depending on the student’s timetable.

7.2 Unplanned absence

The student’s parent/carer must notify the school of the reason for the absence on the first day of an unplanned absence by 8.30am or as soon as possible by contacting the attendance team.

Day 1	Email/phone call before 8.30am Email: attendance@derbycat hedralschool.org.uk Tel.: 01332 325710, option for reporting student absence	Parent should confirm: <ul style="list-style-type: none"> • Name of child • Tutor group • Brief reason for absence, including symptoms of any illness (just stating “illness”, “unwell”, “poorly”, “not feeling great” do not provide sufficient information about the absence)
Each subsequent day	Email/phone call before 8.30am	<ul style="list-style-type: none"> • Update us about the absence

We will mark absence due to illness as authorised unless the school has a genuine concern about the authenticity of the illness.

If the authenticity of an illness is in doubt, the school may ask the pupil’s/student’s parent/carer to provide medical evidence, such as a doctor’s note, prescription, appointment card or other appropriate form of evidence. We will not ask for medical evidence unnecessarily.

If the school is not satisfied about the authenticity of the illness, the absence will be recorded as unauthorised, and parents/carers will be notified of this.

7.3 Planned absence

Attending a medical or dental appointment will be counted as authorised if the pupil’s/student’s parent/carer notifies the school in advance of the appointment.

Parents should notify the attendance team as soon as they book medical appointments by calling or emailing the attendance team.

However, we encourage parents/carers to make medical and dental appointments out of school hours where possible. Where this is not possible, the pupil/student should be out of school for the minimum amount of time necessary.

The pupil's/student's parent/carer must also apply for other types of term-time absence as far in advance as possible of the requested absence.

7.4 Lateness and punctuality

A pupil/student who arrives late:

- Before the register has closed will be marked as late, using the appropriate code.
- After the register has closed will be marked as absent, using the appropriate code.

For ongoing punctuality issues the school will:

- Notify parents/carers via email on the same day their child was late.
- Follow the agreed sanction system for being late to school.
- Engage with parents/carers to identify barriers to punctuality and implement strategies/support to remove them.
- If punctuality concerns continue and/or the parent/carer is unwilling to cooperate, the school will consider informing the Education Welfare Service as appropriate.

7.5 Following up unexplained absence

If any pupil/student we expect to attend school does not attend, or stops attending without reason, the school will:

- Call the pupil's/student's parent/carer on the morning of the first day of unexplained absence to ascertain the reason. If the school cannot reach any of the pupil's/student's emergency contacts, we will consider conducting a home visit.
- Identify whether the absence is approved or not.
- Identify the correct attendance code to use and input it as soon as the reason for absence is ascertained; this will be no later than five working days after the session.
- Call the parent/carer on each day that the absence continues without explanation to ensure proper safeguarding action is taken where necessary.
- If absence continues, the school will consider involving other agencies as appropriate.

7.6 Reporting to parents/carers

The school will regularly inform parents/carers about their child's attendance and absence levels via half-termly emails and termly progress reports.

8. Authorised and Unauthorised Absence

8.1 Approval for term-time absence

The Department for Education stipulates that head teachers may not grant any leave of absence during term time unless there are exceptional circumstances. There is no automatic

right to any leave in term time, and any leave of absence is granted at the headteacher's discretion, including the length of time the pupil/student is authorised to be absent for.

The school considers each application for term-time absence individually, considering the specific facts, circumstances, and relevant context behind the request.

Any request should be submitted as soon as it is anticipated and, where possible, at least 4 weeks before the absence, and in accordance with any leave of absence request form, accessible on the school website, <https://derbycathedralschool.org.uk/information/attendance>
The headteacher may require evidence to support any request for leave of absence.

The following are examples of **authorised absence**:

- Illness and medical/dental appointments.
- Religious observance: where the day is exclusively set apart for religious observance by the religious body to which the pupil's/student's parent/carer belong. If necessary, the school will seek advice from the parents' religious body to confirm whether the day is set apart.
- Traveller pupils/students travelling for occupational purposes: this covers Roma, English and Welsh gypsies, Irish and Scottish travellers, showmen (fairground people) and circus people, bargees (occupational boat dwellers) and new travellers. Absence may be authorised only when a traveller family is known to be travelling for occupational purposes and has agreed this with the school, but it is not known whether the pupil/student is attending educational provision.

8.2 Legal sanctions

Penalty notices can be issued by a headteacher, the local authority officer or the police, fining parents for the unauthorised absence of their child from school, where the child is of compulsory school age.

The first time a penalty notice is issued for term time leave or irregular attendance the amount will be: £160 per parent, per child if paid within 28 days, reduced to £80 per parent, per child if paid within 21 days.

The second time, within a three-year period, that a penalty notice is issued for term time leave or irregular attendance the amount will be: £160 per parent, per child paid within 28 days.

The third time, within a three-year period, that an offence is committed for term time leave or irregular attendance a Penalty Notice will not be issued, and the case will be presented straight to the Magistrates' Court.

The decision on whether to issue a penalty notice may consider:

- The number of unauthorised absences occurring within a rolling academic year.
- One-off instances of irregular attendance, such as holidays taken in term time without permission.
- Where an excluded pupil/student is found in a public place during school hours without a justifiable reason.
- If the payment has not been made after 28 days, the local authority can decide whether to prosecute or withdraw the notice.

9. Strategies for Promoting Attendance

Promoting good school attendance is everyone's responsibility.

To promote good attendance our school uses the following strategies:

Our attendance philosophy is rooted in a recognition-based approach that celebrates both personal and collective achievements. This approach serves to thwart isolation, prevent victimisation, cultivate positive environments, nurture relationships, foster inclusivity, and motivate our children, families, and staff.

We seek to create a school environment that enables all students to feel that they belong, and therefore actively want to attend school.

Good attendance is recognised through our Classcharts system, and is celebrated during Collective Worship sessions and special termly celebration assemblies.

10. Attendance Monitoring

10.1 Monitoring and analysing attendance

The attendance manager will monitor and analyse attendance data regularly to ensure that intervention is delivered quickly to address habitual absence as soon as possible.

The school will collect data regarding punctuality, truancy, and authorised and unauthorised absence, for:

- The school cohort.
- Individual year groups.
- Individual pupils/students.
- Demographic groups, e.g., pupils/students from different ethnic groups or economic backgrounds.
- Other groups of pupils, e.g., pupils/students with SEND, LAC, and pupils eligible for FSM.
- Pupils/students who have an allocated social worker, or are known to social care.
- A pupil/student who is absent for prolonged periods, or repeated occasions, which may indicate a safeguarding concern, such as CSE or CRE, particularly county lines.
- Pupils/students at risk of persistent absence.
- Pupils/students at risk of severer absence.

The attendance lead will conduct a thorough analysis of the above data on a half-termly, termly, and full-year basis to identify patterns and trends; this will include identifying, for each group:

- Patterns in uses of certain codes.
- Particular days of poor attendance.
- Historic trends of attendance and absence.
- Barriers to attendance.

The attendance manager will provide regular reports to staff across the school to enable them to track the attendance of pupils/students and to implement attendance procedures.

Specifically, where there is a safeguarding concern for a pupil/student absent who has unexplainable and or/persistent absences from education, the attendance officer will alert safeguarding staff in accordance with the school's established safeguarding recording and reporting processes.

Unexplained or extended absences from school will trigger safeguarding processes which are likely to include home visits and communicating with external agencies.

The attendance officer will also be responsible for monitoring how attendance data changes in response to any interventions implemented to increase attendance in future.

The Local Academy Committee will regularly review attendance data, including examinations of recent and historic trends, and will support the headteacher in setting goals and prioritising areas of focus for attendance support based on this data.

The school will also benchmark its attendance data against local-, regional- and national-level data to identify areas of success and areas for improvement and will share practice which has been shown to be effective with other schools.

The board of trustees will ensure staff from different schools within the trust regularly share expertise and collaborate on interventions.

10.2 Using data to improve attendance

The school will:

- Provide regular attendance reports to class teachers/form tutors, and other school leaders, to facilitate discussions with pupils/students and families.
- Use data to monitor and evaluate the impact of any interventions put in place in order to modify them and inform future strategies.

10.3 Reducing persistent and severe absence

Definitions

In the context of school attendance and education in the UK, the terms "Persistent Absence," "Risk of Persistent Absence," and "Severe Absence" are used to describe different levels of irregular attendance by students. These terms are important for tracking and addressing attendance issues.

Persistent Absence (PA):

Definition: Persistent Absence is a term used to describe a level of student absence from school that is considered to be a significant cause for concern.

Threshold: In England, a student is considered to be persistently absent when they have an attendance rate of 90% or below. This means they have missed 10% or more of their school sessions.

Risk of Persistent Absence:

Definition: The term "Risk of Persistent Absence" refers to a situation in which a student's attendance is at a level that suggests they are at risk of becoming persistently absent.

Threshold: While there is no specific threshold for "Risk of Persistent Absence," it is typically used to describe students whose attendance is consistently low and becoming a concern.

Severe Absence (or Severe Persistent Absence):

Definition: The term "Severe Absence" or "Severe Persistent Absence" is used to describe the most serious cases of non-attendance.

The school will:

- Use attendance data to find patterns and trends of persistent and severe absence.

- Hold regular meetings with the parents/carers of pupils/students who the school and/or local authority considers to be vulnerable, or are persistently or severely absent, to discuss attendance and engagement at school.
- Provide internal Early intervention to students and families to address specific barriers to attendance.
- Provide access to wider support services to remove the barriers to attendance.

- If a pupil leaves after registration, they are still counted as attending for statistical purposes.

Code L (Late arrival before the register is closed):

- The pupil arrives after the register starts but before it closes.

- If a pupil arrives late after the register closes, mark them as absent using code U or another appropriate absence code.

Code K (Attending education provision arranged by the local authority):

- Pupil attends educational provision arranged by the local authority, not by the school.
- Examples include attending courses at college or receiving home tutoring.
- Schools must record the nature of the provision and ensure notification of absences.

Code V (Attending an educational visit or trip):

- Pupil attends a school-arranged educational visit or trip supervised by school staff.
- Must take place during the recorded session.
- If pupil doesn't attend, record absence using relevant absence code.

Code P (Participating in a sporting activity):

- Pupil attends an approved educational sporting activity.
- Criteria for recording attendance include approval by the school, educational nature of the activity, and appropriate supervision.
- Schools must ensure safeguarding measures and record absences with relevant codes.

Code W (Attending work experience):

- Pupil attends work experience as part of their education arranged by the local authority or school.
- Criteria for recording attendance are similar to other approved educational activities.
- Schools must ensure safeguarding measures and record absences with relevant codes.

Code B (Attending any other approved educational activity):

- Pupil attends an approved educational activity other than sports or work experience.
- Criteria for recording attendance are similar to other approved educational activities.
- Schools must record the nature of the activity and ensure safeguarding measures.

Code D (Dual registered at another school):

- Used when a pupil is registered at more than one school, indicating absence with leave to attend the other school.

- Main examples include attendance at a pupil referral unit, hospital school, or special school temporarily.
- Schools must promptly follow up on unexpected or unexplained absences to avoid double counting.

Code C1 (Leave of absence for regulated performance or employment abroad):

- Schools grant leave for pupils to participate in regulated performances or employment abroad under specific circumstances.
- Criteria for granting leave include licenses issued by local authorities or exemptions.
- Schools must record the absence using this code and consider its impact on the pupil's education.
