

**Medical
School**

2026 Entry

**Widening
Access**

7-9 July 2025

Cost: FREE

YEOVIL WORK-BASED SELECTION SCHEME

A new way into Medical School

If you're a Widening Access candidate we'd like to invite you to try a new way into med school. You'll still need good A level grades but will be assessed on your performance in the clinical workplace using 360 feedback and special teaching sessions.

2 days residential work experience

You'll spend 48hrs with us at Yeovil Hospital, living in student accommodation. As well as clinical placements, you'll work as a team to learn, eat and live with other students and mentors. Find out about life at uni and whether Medicine is for you.

Start Medicine in September 2026

If your time at Yeovil goes well, we'll guarantee you a conditional offer to start Medicine at Bristol in Sept 2026 if you apply to us through UCAS. You won't need to pass another interview, but you will need suitable grades.
