#### **Smoking**

The Governing Board does not permit smoking within any area, either inside or outside, of the school building and grounds. This includes the use of e cigarettes.

#### 3. Organisation

#### 3.1 Bolton Council

The Local Authority has ultimate responsibility for health and safety matters in the school, however this responsibility is shared with the school's Governing Board.

# 3.2 The Governing Board

The ultimate responsibility for ensuring a safe and healthy environment within the school rests with the Governing Board.

The Governing Board Should:

- Report to the Department of Education (DfE) any major threat to the health and safety of employees and users of the school.
- Monitor the effectiveness of the health and safety policy and safe working practices, revise and amend the policy as appropriate.
- Give consent if persons using the building wish to:
  - Introduce equipment for use on the school premises
  - Alter fixed installations
  - > Remove fire and safety notices or equipment
  - Take any action that may create hazards for persons using the premises or for the staff or pupils of the school

#### 3.3 The Head Teacher

The Head Teacher has overall responsibility for the application of this policy.

The Head Teacher shall:

- Take appropriate action immediately when any hazard is reported to her and stop the use of any plant, tools, equipment, machinery or any process, etc which she considers unsafe until she is satisfied as to its safety
- Make recommendations to the governing board for additions to or improvements to plants, tools, equipment, machinery, etc which are dangerous or potentially so
- Report on safety and welfare matters to the governing board
- Ensure that staff are appropriately trained and informed on health and safety matters

- Ensure clear roles and responsibilities with regard to health and safety and ensure delegation is appropriate to their role
- Ensure effective processes for monitoring the activities of contractors whilst on site
- Ensure that appropriate funds are allocated in the budget to ensure effective health and safety procedures, repairs and maintenance in the school.

#### 3.4 The School Business Manager

The SBM has responsibilities delegated by the Head Teacher to:

- Be the focal point for day to day references on safety and give advice or indicate sources of advice
- Co-ordinate the implementation and monitoring of safety procedures
- Maintain contact with outside agencies able to offer expert advice
- Oversee regular inspection of the school and check practices in it
- Ensure that accidents and hazards are recorded and reported as appropriate to the HSE and that appropriate remedial action is taken
- Review provisions of first aid and emergency regulations annually
- Investigate any specific health and safety issues and take remedial action
- Assist in carrying out regular safety inspections of the school and its activities
- Co-ordinate and distribute information to relevant parties keeping up to date with local and national guidance
- Order that any unsafe practices cease with immediate effect
- Monitor the health and safety budget to ensure best value and appropriate spending

# 3.5 The Site Manager

The site manager has a responsibility:

- To undertake regular checks in order to ensure as far as is reasonably practicable the safety of the school building and resources
- To record safety checks and rectify issues or report them directly to the SBM or Head Teacher
- To ensure appropriate tests with regard to the prevention of legionella are undertaken and recorded and any issues rectified or reported to the SBM or Head Teacher
- To ensure the correct storage and disposal of any hazardous substances and take stock checks of these substances on a half termly basis

# 3.6 Obligation of all Employees

The Health and Safety at Work Act 1974 states:

"It shall be the duty of every employee whilst at work:

- Take reasonable care for health and safety of him/herself and any other persons who may be affected by his/her acts or omissions at work, and
- As regards any duty or requirement imposed on his/her employer or any other person by or under any relevant statutory provisions, to cooperate with him/her so far as necessary to enable that duty or requirement to be performed or complied with. "

#### Also that:

"No person shall intentionally recklessly interfere with or misuse anything provided in the interest of health and safety or welfare in pursuance of any relevant statutory provision."

In order that the law be observed and responsibilities to pupils and other visitors to the school are carried out, all employees are expected:

- To know the special safety measures and arrangements to be adopted in their own working area and to ensure they are applied
- To observe dress consistent with safety and hygiene
- To exercise good standard of housekeeping and cleanliness
- To know and apply the emergency procedures in respect of fire and first aid
- To use and not wilfully misuse, neglect or interfere with things provided for their own safety and safety of others
- To co-operate with other employees in promoting improved safety measures in their school
- To co-operate with the appointed representatives and the enforcement officer of the health & safety executive or the Public Health Authority
- To ensure that tools and equipment provided are kept in good condition and used appropriately
- Ensure that ANY health & safety hazards are reported to the SBM or head teacher
- Not to behave in any way that would cause risk to themselves or others
- Ensure that any persons under their supervision do not behave in any way that would cause risk to either themselves or others

#### 3.7 Particular responsibilities of Class Teachers

The safety of pupils in classrooms, is the responsibility of the class teacher. If for any reason this responsibility cannot be accepted it must be discussed with the appropriate Phase Leader before any activities take place.

# A class teacher is expected to:

- Know the emergency procedures in respect of fire and first-aid and the special safety measures to be adopted in his/her own teaching areas and to ensure that they are applied
- Exercise effective supervision of pupils to ensure that they know of the general emergency procedures in respect of fire and first aid the special safety measures of the teaching area
- Give clear instructions and warnings as often as necessary (notices, posters and hand-outs are not enough)
- Ensure that pupils coats, bags, cases etc are safely stored away
- Integrate all relevant aspects of safety into teaching procedures and if necessary give special lessons on safety
- Follow safe working procedures personally
- Keep a clear desk at all times
- Call for protective clothing, guards, special working procedures etc where necessary
- Make recommendations on safety measures to the appropriate phase leader/SBM
- When taking playground duty or games lessons teaches need to check that there are no obvious hazards eg broken glass

NB These rules apply to student teachers who must be made aware of their responsibilities by their mentor

# 3.8 The pupil

Pupils are expected to:

- Exercise personal responsibility for safety of themselves and others
- Observe standards of dress consistent with safety and hygiene (this includes unsuitable footwear, knives and other items considered dangerous)
- Observe the safety rules of the school in particular the instructions of staff given in an emergency
- Use and not wilfully misuse, neglect or interfere with things provided for safety
- Follow directly the instructions of staff, especially in an emergency situation
- Pupils are not permitted to bring prohibited items into school (e.g. E-Cigarettes)

# 3.9 The Health & Safety Representative (Head Teacher)

Health & safety representatives are:

- Not liable in law and have no additional duties other than those of all employees, as laid down in S7 and 8 of the Health and Safety at Work Act 1974.
- Do not carry additional legal liability for their actions or omissions as a safety representative
- The functions of safety representatives are as follows:

- To investigate potential hazards and dangerous occurrences at the work place (whether or not they are drawn to her attention by the employees she represents) and the examine the cause of accidents at the workplace.
- To investigate complaints by an employee she represents relating to that employees' health, safety or welfare at work.
- ➤ To make representations to the employer on general matters out of point 1 and 2 above
- ➤ To make representations to the employer on general matters affecting the health, safety or welfare of the employees at the workplace.
- > To carry out inspection
- ➤ To represent the employees she is appointed to represent in consultation at the workplace with inspectors of the HSE and any other enforcing authority
- ➤ To receive information from inspectors in accordance with S28(8)of the 1974 Act
- Attend meetings of safety committees in the capacity of safety representative and in connection with any of the above functions

In addition, S2(4)of the act places upon the safety representative the function of representing the employees in consultation with the employer.

#### 3.10 Visitors

Visitors are expected to take due care of themselves, their belongings and any persons under their supervision.

On entry to the building visitors should be issued with evacuation procedures to keep with them for the duration of their visit.

# 3.11 Other users of the Building

The head teacher is responsible for ensuring that appropriate agreements are drawn up and signed by other users of the building- the Grace Centre Family Church and Slimming World.

#### 3.12 Fire Safety

Please refer to the Fire Safety policy.

#### 3.13 Risk Assessment

Risk Assessments should be carried out for all activities that carry an increased risk rather than the usual day to day activities of the school. Risk assessments will be held by the school for 6 years and stored on the school computer Shared Drive where they can be accessed by all staff. For example:

- School visits
- Use of heat producing equipment in classroom as part of the curriculum eg
- Significant repairs and maintenance
- Contractors on site
- The use of any substances under COSHH
- Significant events on the school premises eg school fairs
- Use of new equipment
- Working at heights
- Working with chemicals eg bleach
- Particular medical needs of individual pupils or staff

All risk assessments will undertake review and appropriate amendment: after the particular visit or event, when there are changes which affect the risk assessment or at 3 yearly intervals.

#### 3.14 Critical Incidents

The school has a Business Continuity Plan which outlines shared procedures to ensure affective response in the event of a serious incident.

#### 3.15 Near accidents

Near accidents which could have led to significant injury should be recorded using the accident report form.

#### 3.16 Asbestos

Areas of the building containing asbestos are clearly identified on the school asbestos management plan and subject to regular checks by the Site Manager.

#### 3.17 COSHH

COSHH regulations prevent exposure to potentially dangerous substances. Safety data records are located in the admin office and potentially dangerous substances are securely stored in the vented, flame proof store in the staff car park. The store remains locked at all times other than for access.

No new COSHH substances may be brought into school without a full COSHH assessment. This is a legal requirement.

# 3.18 Display Screen Users

Requirements under the Health and Safety (Display Screen Equipment) Regulations 1992 apply to the use of all types of display screen equipment, together with associated workstations. Members of staff who are defined as a user of display screen equipment are entitled to an eye test, the cost of which will be borne by the school, and a contribution to the costs of lenses/spectacles required for the use of display screen equipment where appropriate. The corporate policy and guidance

give details of the legal rights under the Regulations. A user is defined as an employee who habitually uses display screen equipment for a significant part of their normal work.

#### 3.19 Administration of Medicines and Cream

See Medicines in School Policy.

#### 3.20 Wellbeing

School has a Mental Health Lead and a Mental Health First Aider.

The school has a Mental Health and Wellbeing Action Plan in place, areas of focus include Leadership and Management responsibilities, Ethos and Environment, Leadership and PHSC, Monitoring, Targeted Support and Referrals, Staff Development, Working with Parents/Carers and Student Voice.

As part of the Human Resources Service Level Agreement, staff have access to the Employee Assistance Programme. Also included within the SLA is access to Occupational Health Services.

The School Counsellor is on site every Friday to support pupils targeted for a referral. This support can also be extended to staff when appropriate.

# 3.21 No Smoking Policy

The school operates a "No Smoking Policy". No persons are allowed to smoke anywhere on the school premises or within the school grounds (this includes electronic cigarettes).

# 3.22 Related School Policies

- Fire safety
- Medicines in School
- First Aid and Accident

# 3.23 Concluding Statement

Suggestions by any member of staff to improve standards of health and safety are welcomed by the Head Teacher. The greatest hindrance to good practice is apathy. This policy is communicated to staff as part of their induction process. Any changes following policy review are communicated to all staff.
