

TikTok Privacy Settings

Controls & Settings guide

TikTok features a number of privacy and safety settings to restrict who can contact and comment on your child's posts and profile. It also features a Digital Wellbeing feature to restrict inappropriate content and help them manage how long they spend on the app.

Family Pairing

Family Pairing allows parents and teens to customise their safety settings based on their needs.

To manage or view Family Pairing controls, first, you need to link the parent and teen accounts:

Step 1 – Go to Me then tap the three dots located in the top right-hand corner.

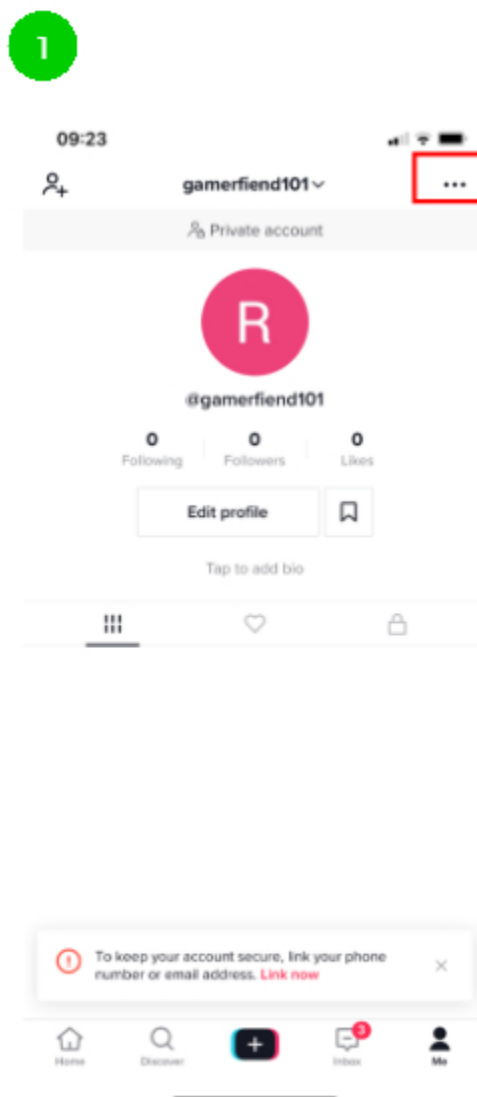

Step 2

Go to Family Pairing then follow the on-screen instructions.

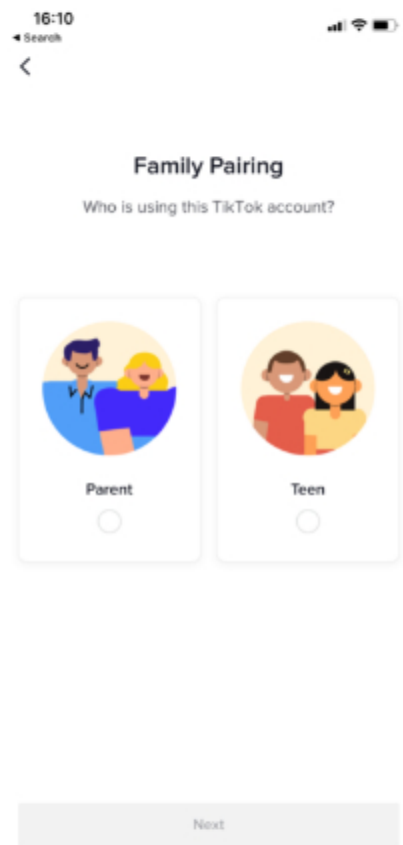

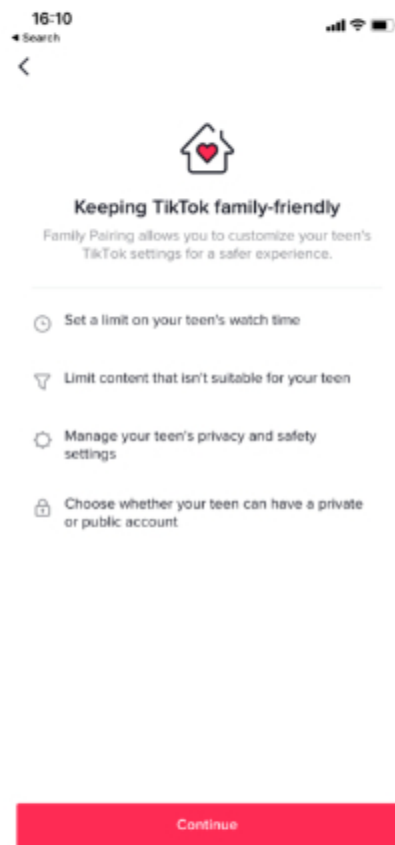

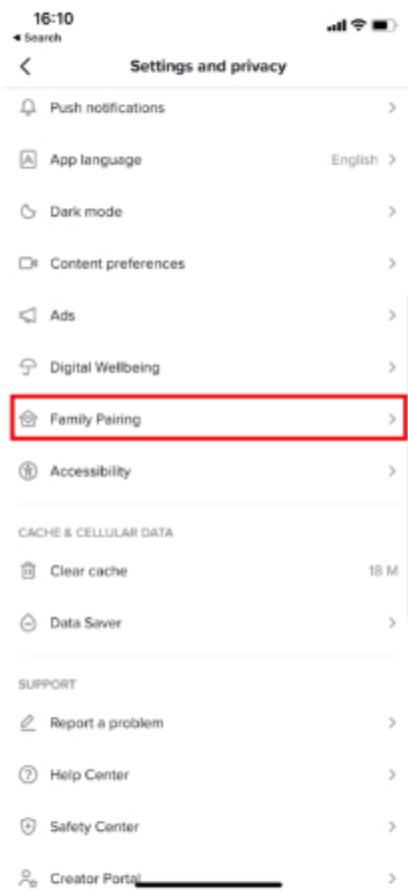

Step 3

Once you pair the accounts, simply select the account you want to manage and update the controls.

Make an account private

Please note that even with a private account your child's profile photo, username, and bio will be visible to all TikTok users. It is best to ensure no sensitive or personal information is included here.

Step 1 – From your profile page, tap the three dots located in the top right-hand corner.

Step 2 – Go to Privacy settings, then tap the toggle until it turns green.

5

Manage video comments

You can apply different privacy settings to each video you share, even if you have your account set to “Public”.

To change video view settings for an existing video:

Step 1 – Go to the video.

Step 2 – Tap the three dots located in the top right-hand corner.

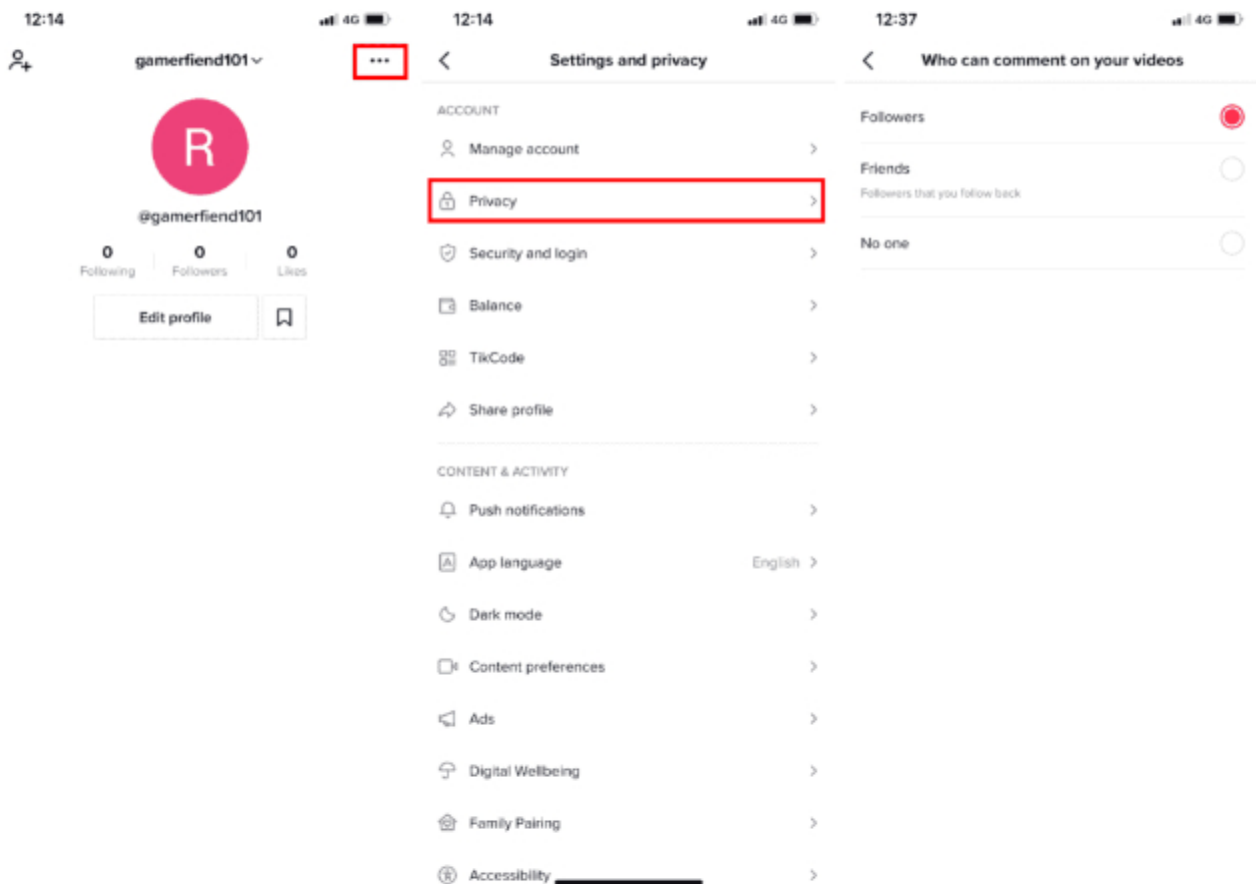

Step 3 – Go to Privacy settings, then Who can view this view.

Step 4 – Choose the relevant privacy settings.

To change video view settings before uploading a video:

Step 1 – On the post page, tap Who can view this video.

Step 2 – Choose the relevant privacy settings.

6

Filter comments

If you select Filter all comments, all comments will be hidden unless you approve them.

Step 1 – Go to Me, then tap the three dots located in the top right-hand corner.

Step 2 – Select Privacy then Comment filters.

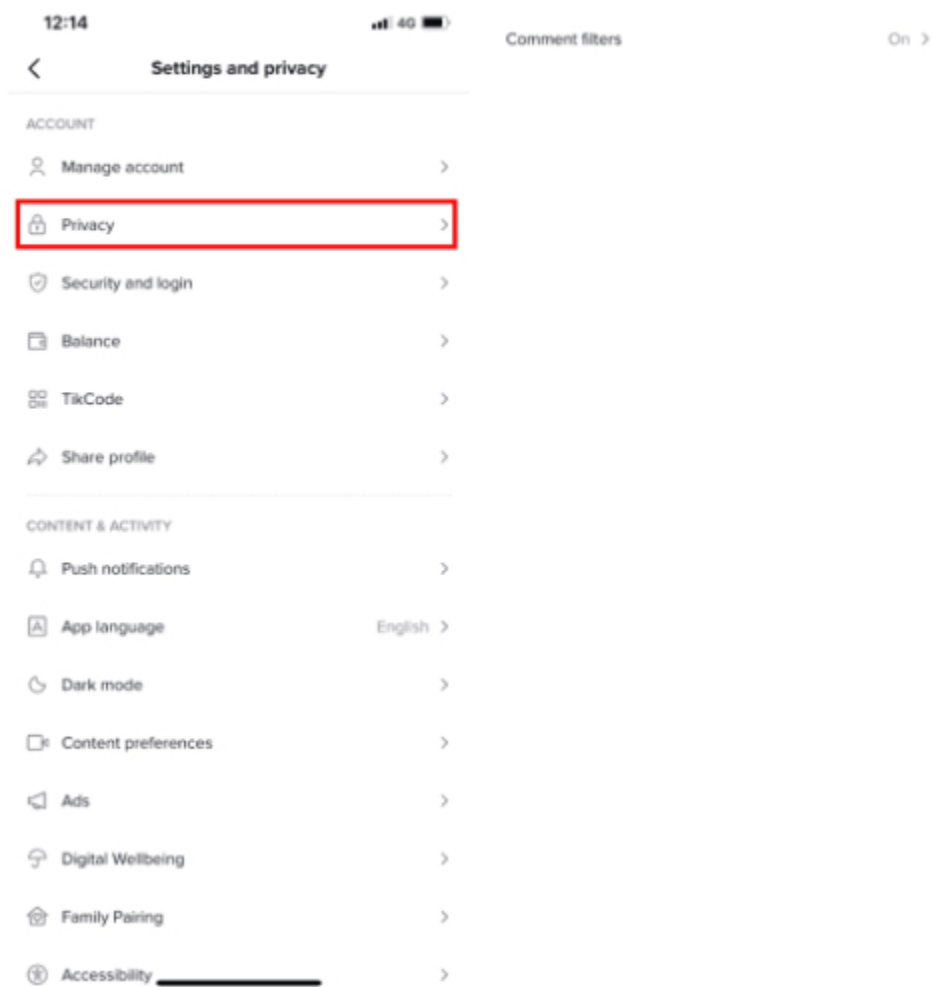

Step 3 – Turn on Filter all comments.

This will also automatically filter offensive comments and you can also enter specific keywords to filter.
