Science Week Challenge - Plastic-free lunch boxes

British Science week runs for the whole of next week and there are lots of activities going on. We are always keen to be sustainable and we would love to see children who bring their own lunches in try to avoid any plastic waste.

This can be done by using reusable wrapping that is made from different materials, foil or even paper. Small pots that can be washed out and any container that isn't thrown into the bin.

Each time a child that achieves a plastic-free lunch box, they will be given a raffle ticket and go into a draw on Friday. Prizes will be given out when the raffle is drawn at the end of the week—good luck!

A HUGE Thank You, Gemma

Gemma Plant has been a valued governor at Dove Bank for the past 3 and a half years. This term, Gemma's time as a governor has come to an end. She has been with us through many changes and has provided the school leadership with support and challenge throughout. She has always championed each and every child that attends Dove Bank, and I know that she will continue to do this. Gemma, a huge thank you from the pupils, staff and fellow governors. I know that you will remain an active member of our school community, and will always be one of our pupils' biggest supporters!

World Book Day fun

On Thursday, we came together to celebrate World Book Day in style. Children were tasked with dressing up as a word and they did not disappoint. They enjoyed showing their creative costumes to each other and expanding their vocabulary at the same time.

This special day also included lots of learning related to books and lessons had a book theme.

The day was rounded off with some shared reading, children enjoyed books with parents and with each other and their love of reading and books was recognised and celebrated.

The Walking Bus begins!

Watch out for our brand new Walking Bus that starts next week. They will be walking to school together, under the watchful eye of our parent volunteers. Give them a wave if you see them!

Science lesson

A reminder that, as part of Science week, **you are invited** into school to share a Science lesson with your child/children.

This is taking place on **Thursday 12th March** and we will be welcoming parents and carers between 9 and 10 o'clock. We are looking forward to sharing Science learning with you.

The Book Fair is coming to school!

Our book fair will be coming to school from Thursday 12th March until Thursday 19th March! Visit after school in the hall to pick yourself a new book.

Every purchase earns our school money towards new books so it would be great to see lots of you there! You will be able to pay by cash or use the QR code at the fair to pay online.

WORLD BOOK DAY 2026

We had another wonderful World Book Day this year! Everyone looked brilliant in their 'dress as a word' outfits and enjoyed sharing books with each other.

Nursery also enjoyed a visit from our local library to share a story!
