The Recorder Festival - Victoria Hall

Our wonderful recorder players made us incredibly proud this week as they performed as part of The Music Partnership's Recorder Festival 2025. The children performed two solo pieces to an exceptional standard. Miss Fielding was blown away by their confidence and their performance skills.

Well done recorder team!

Bikeability

This week, our Year 5 pupils have taken part in the bikeability cycling proficiency program. All those who took part learnt how to safely cycle on the roads.

Book Fair

We hope that you were able to join us this week at our school book fair. We will be able to use our commission to purchase books to use in school.

Happy reading!

Safe and Sound

This week, Year 5 visited Sandyford Fire Station to take part in the Safe+Sound programme. They learned all about dangers in the home in an interactive session in a specialised pod, worked with PSCOs to look at what makes a good citizen, learned about the dangers of playing near a railway with Network Rail and even got to see a fire engine be deployed to a real fire!

They all really enjoyed the morning and had fantastic feedback from the staff there who said they were by far the best class they had worked with. They commented that they were polite, engaged and asked lots of great questions. Well done, Year 5!

Robotics Workshop

Today, our Year 6 children have visited Crewe Engineering and Design UTC to take part in a robotics workshop. The children have been programming and controlling their own Edison robot! We are so lucky to be able to work with such great establishments within The Learning Partnership. We cannot wait to hear all about it and looking forward to future planned projects!
