

Downholland Haskayne Music Curriculum

At Downholland Haskayne, we deliver an ambitious, and enriching music curriculum which enables pupils to apply their growing musical knowledge creatively. Through learning two instruments (drum and guitar) in depth throughout Key Stage 2, pupils are given the opportunity to develop musical excellence which prepares them for further study of music in Key Stage 3.

Our curriculum builds upon prior knowledge in a careful sequence, both within and between year groups. We value the diversity of music and so offer extra-curricular music tuition through musical minds. In addition to this, we celebrate our musical talents through our school choir who rehearse throughout the year and perform at events to showcase their talents.
