

## Flexi-schooling at Downholland Haskayne CE Primary School

What we ask from you to support your child or children whilst we are in partnership.

We have been Flexi-schooling with families since 2018 and have discovered a few essential points that make learning much more fluid for us all as a successful partnership.

- **COMMUNICATION** is vital. This can come in a variety of ways: Class Dojo, email, telephone and conversation. Without communication, the partnership either doesn't exist or quickly breaks down.
- **FLEXIBILITY AND UNDERSTANDING.** We understand that families have chosen Flexi-schooling for a variety of reasons. We demonstrate understanding and flexibility to all our families and ask that you do the same for us.
- **WHITE ROSE MATHS.** We invest in the wonderful White Rose Maths. Even through 'Lockdown,' when our children were all home-learning, 100% of them made progress. Maths is the only subject where we ask that children follow the same curriculum at home as the school when they are on home-educating days. We will provide any equipment you will need, e.g., workbooks and answer any questions throughout the day (Via email or phone call).
- **FLEXI- FAMILY COFFEE MORNINGS.** In addition to more traditional teacher meetings, we would love all our Flexi-families to come together during these mornings and bring examples of what you have been doing during your home-learning days. It's a non-threatening way to share good practice and ideas, make new friends and demonstrate how you have found innovative and inspiring ways of covering the curriculum for your child.
