

Downs Infant School

PE Funding Report 2021-22

This report outlines the funding received by the school in the academic year 2021 - 22, and how it has been spent or planned to be spent to develop the PE and sport activities Downs Infant School already offers and engage pupils in more regular physical activity.

There are 5 key indicators that schools should expect to see improvement across:

1. the engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
2. the profile of PE and sport is raised across the school as a tool for whole-school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

In 2021-22 the school received £18,399 of sports funding. There was a carry forward of £15,584 from the previous year.
