"This parent course is not a "do this, don't do that" approach it is a fabulous opportunity to pick up great ideas from each other, gain relevant information that really works and feel supported in what is the toughest job in the world!"

"It's about celebrating and building on the great job you are already doing."

"Everyone should do a parent course – it's not at all judgemental, we all find parenting tricky sometimes. If you need any help – give it a go.... If you don't need help – give it a go, so you have ideas for whenever you might need them."
