

### **Music Intent, Implementation & Impact Statement**

At Drove Primary School, we believe that children should be provided the roots to grow and the wings to fly. As a result of this, we have carefully designed a curriculum which is underpinned by 4 Golden Threads.

We have carefully chosen our Golden Threads because they are unique to our school context and setting:

- Experience Rich: Our intent is for every child to be provided with a breadth of experiences that enriches their learning and enables them to transfer their skills across all areas of the curriculum.
- Knowledge and Skills: Our pupils will develop mastery across the curriculum as a result of a carefully planned and sequenced curriculum which builds progressively on knowledge and skills.
- Language rich: Over 86 % of our pupils have English as an additional language, including 51 different languages, so it is our intent that our pupils will acquire knowledge, develop their vocabulary and have the tools to communicate their ideas effectively, both orally and in writing.
- Values and Community: Our intent is for all children to embrace and develop our shared set of values so that they become good citizens within our community and are prepared for a life in an ever-changing and modern world.

#### **Our Intent for our Music Curriculum:**

At Drove Primary School, our 4 Golden Threads underpin our curriculum intent enabling our pupils to achieve the following in Music:

- To be curious about different music genres and how they are composed and performed
- To learn how to play a range of instruments
- Use our school values to work cooperatively and persevere when activities challenge them
- To make connections in their learning and to know more, remember more and do more each year leading to academic success and enjoyment in music
- Develop skills in order to acquire, apply and transfer their knowledge

At Drove Primary School, we intend to deliver an exciting, culturally diverse musical education which provides an enjoyable and stimulating learning experience. By encouraging a balance of singing, playing,

listening, composing and performing, we aim to develop children's ability to respond to a range of music and increase their confidence to express themselves through music.

Our music curriculum is an excellent way of celebrating our diverse school community. We aspire to offer a range of opportunities to sing a variety of multicultural songs, listen to inspirational composers, participate in music sessions delivered by Swindon Music Service, and compose pieces of music that reflect the mastery of music that all children have developed through accessing a planned and structured curriculum. We are committed to ensuring that children understand the value and importance of music and can transfer their musical skills knowledge and experiences into their wider community. As a school we intend to develop every child's self-confidence and social development that will support them in their future, and as such we believe that Music offers all children an opportunity to express their creativity and inspire self-confidence through practical experiences leading to various musical performances and activities.

### **Implementation:**

The National Curriculum is the starting point of our curriculum design. It has been used to drive our curriculum design, in order to ensure the aims of the National Curriculum are met, and it has been used to inform the choices we have made about the content that we teach at Drove Primary School.

The implementation of the Music Curriculum at Drove Primary School is a through a combination of class teachers and music specialists from Swindon Music Service delivering sessions. Specialists from Swindon Music Service are utilised as they provide vital subject knowledge, musical experiences, road shows and teaching of specialised musical instruments. We teach the National Curriculum through the Charanga scheme of work which offers a range of differentiated activities to allow every child an opportunity to access the music curriculum and celebrate the diversity of our school community. We are committed to providing a range of musical experiences, offering awe and wonder for the children, which celebrate the different cultures and heritage within our school and wider community. We present a variety of learning stimuli to ensure the curriculum is accessible to all. At Drove Primary School, musical vocabulary is built upon from Nursery through to Year 6 through movement, pictorial representations and written / oral language of musical terminology and notations. This helps to develop the skills to be able to read and understand how to perform a basic musical composition. In addition to their classroom music sessions, and experiences, children are exposed to a range of music through singing lessons and activities where children procure the rewards of singing in unison and harmony and are taught to consider the elements of music required for performances such as tone, tempo, pitch, along with enhancing their ability to listen, respect and cooperate with each other.

### **Impact**

Our intended impact is that by the time our pupils leave Drove Primary School, they will have developed:

- Their own opinions of different music genres and how they are composed and performed by listening and analysing different music types
- To have challenged themselves to create and perform different genres of music
- Develop skills in order to acquire, apply and transfer their knowledge across different musical instruments and genres
- An appreciation for music and how it makes us feel and how it represents different cultures and other parts of the world
