Is your class percentage
higher or lower from
last week?

The Year 6 children had a very inspiring visit to LUSoM college on Monday where they engaged in another day of activities in the STEM subjects. They completed lessons in chemistry, mathematical problem solving and coding and looked at inspiring people who work in STEM. It was so lovely to see the children applying skills they had developed during our STEM week the week before and to hear so many of them talking about jobs they would like to do when they are older in the STEM industry. The children were excellent ambassadors for the school during the visit too. Well done Year 6!

We had our annual transition day on Wednesday. The children spent the day in their new classes with their teacher preparing for moving up in September.

We have a large selection of preloved uniform that we are looking to rehouse ahead of September. All our families are welcome to any items that they can make use of. Please contact our outreach team with relevant sizes and they will allocate the uniform on a first come first served basis.
