Anti-Bullying Policy

2024

To be reviewed 2025

At Duke Street Primary School, we aim to provide an environment where all individuals have the right to develop their skills and knowledge in a safe, secure and supportive environment, free from intimidation, prejudice or discrimination of any kind. This policy covers the anti-bullying procedures at our school and applies to all members of our school community and has been written using guidance from:

- [Behaviour and discipline in schools](#)
- [The Equality Act 2010](#)
- [Keeping Children Safe in Education](#)

Aim of Policy

The purpose of the anti-bullying policy is to ensure that our pupils learn in a supportive, caring and safe environment without fear of being bullied. Bullying is anti-social behaviour and affects everyone; it is unacceptable and will not be tolerated. The our school has a responsibility to respond quickly and effectively to issues of bullying and this policy outlines the procedures that must be adhered to.

Statement of Intent

It is our intent to ensure that Duke Street Primary School works collaboratively to create a welcoming, safe environment where relationships are based on respect and developing positive self-esteem in everyone. We aim to provide a secure, nurturing environment, where children are able to learn without fear of being bullied. Expectations for classrooms and around school are that they should be conducive to learning and encourage staff, pupils, parents and visitors to work alongside each other in a positive atmosphere where everyone feels valued. If bullying does occur, we aim to deal with incidents quickly and effectively.

What bullying isn't

It is not the odd occasion falling out with friends, name calling, arguments, or when the occasional 'joke' is played on someone. Children do sometimes fall out or say things because they are upset. When occasional problems of this kind arise they are dealt with seriously, but it is not classed as bullying. It is an important part of a child's development to learn how to deal with friendship breakdowns, the odd name calling or childish prank. We all have to learn how to deal with these situations and develop social skills to repair relationships.

Responsibilities

Everyone involved in the life of the school must take responsibility for promoting a consistent anti-bullying approach, making it clear that any form of bullying or intimidation is unacceptable. Everyone in the school community is responsible for ensuring that the school expectations are adhered to. Everyone is expected to be vigilant and to report any incidents of bullying or intimidation in line with the agreed procedures.

Co-Head teachers

The role of the Co-Head teachers is to ensure all staff are following the guidelines of the anti-bullying policy and they are adequately supported to allow them to do this. It is the responsibility of the Co-Head teachers to deal with any inappropriate behaviour by staff or visitors in the school. The Head teacher should be fully informed on matters concerning bullying and regularly monitor incident reports and actions taken and evaluate the effectiveness of this policy.

Staff

Staff are expected to provide an effective teaching environment for children where they are able to learn without fear of bullying. They are expected to model and promote positive behaviour, emphasising the importance of celebrating achievements and valuing others. Staff must make clear that bullying is unacceptable and will not be tolerated and ensure children understand the consequences of any bullying behaviour. It is the responsibility of all staff be vigilant and to deal quickly and effectively with any issues. Consistent procedures applied by all staff, including non-teaching staff, is vital and all staff must follow the anti-bullying policy guidelines.

Any staff member who is aware of an adult in the school community involved in bullying other adults or children is expected to report this.

Parents/carers

It is important for all adults, including parents/carers and visitors, to model positive behaviour at all times. Parents/carers are expected to work in partnership with staff to make it clear to children that the school does not tolerate bullying. If a member of school staff has concerns about a child's behaviour, parents will be contacted. It is the expectation that parents and carers will fully support the school's actions if their child is involved in bullying behaviour.

If parents have any concern about their child may be being bullied, they are expected to report this to the class teacher. **Approaching or accusing pupils or other parents is unacceptable.**

Any parent who is aware of an adult in the school community involved in bullying other adults or children is expected to report this.

Reporting and Recording

Bullying allegations can come from a number of different sources including from the child, child's friends, parent/carer or staff member. All allegations will be listened to and taken seriously. The following steps will be taken when dealing with incidents:

- If bullying is suspected, the incident will be investigated and dealt with immediately by the most appropriate member of staff, usually the class teacher in the first instance.
- A clear account of any bullying incidents will be recorded on CPOMs and the Co-Head teachers and DSL will be alerted. Records will be shared with future schools.
- An appropriate member of staff will interview all concerned and records logged onto CPOMS, including records of any actions taken.

Each case will be dealt with individually, with the Co-Head teachers ensuring that the member of staff dealing with the situation does the following:

- Keeps the children involved informed
- Keeps the class teachers informed
- Contacts parents and has any relevant meetings between staff and parents
- Sanctions will be used as appropriate, in line with the behaviour policy
- The incidents will be recorded on CPOMS

Pupils

The appropriate member of staff needs to ensure the needs of the victim are met, as well as the pupil who has bullied.

Pupils who are victims of bullying will be supported by:

- Offering an immediate opportunity to discuss the experience with a member of staff.
- Reassuring the pupil
- Offering continuous support – involvement of a named adult and regular check ins
- Assertiveness training where appropriate
- Restoring self-esteem and confidence

Pupils who have bullied will be helped by:

- Discussing what happened

- Informing parents/carers to help change the attitude of the pupil
- Receiving ongoing support for behaviour
- Acknowledging the feelings of the victim

Each year, records of incidents will be reviewed with reference to this policy to ensure that procedures are effective.

Pupils should follow our behaviour system and treat other pupils and adults with respect. Pupils should look after themselves and the school and if they need help then to speak to an adult in school.
