

Duke Street Primary School – Home Learning Tasks Year 3 and 4

Dear Parent/Carer,

Please find attached a selection of home learning tasks that your child can complete during our forced school closure. We have designed these tasks so that they can be completed independently, with the exception of some of the reading and spelling tasks. Some tasks are a one off, others are to be completed as often as possible – tasks 1-5 should be completed daily.

Some tasks may require internet access for online activities or research. Others are more open ended so that the children can choose how they would like to present their work. The tasks can be done in any order. Tasks can be presented however you wish. E.G the rainforest report may be typed, or handwritten. Work can be emailed to your class teacher using the below addresses, please choose your child's class from the list.

There is a grid attached for you to date when tasks have been complete and add any comments you may want to.

If your child would like to send a photograph of anything they have created for me to see, they can do so via the class email address.
