

For our pre-learning project, we would like to find out about as many places as possible for our new Topic: 'Journey around the World'. We would like you to choose anywhere in the world that interests you. This may be somewhere you go on holiday this summer, somewhere you have been or somewhere you know nothing about (yet)! Once you have chosen your destination, please complete some research and fill your postcard with interesting facts and features of your chosen location. This can include information about landscape, population, culture, climate etc. The list is endless! We'd then like you to decorate the blank side of your postcard with a picture of the place you have chosen. This can be a drawing or a photograph. When we meet again in September, we will share our knowledge and see how far we've travelled in our learning journey! Remember to be creative and try to choose somewhere that no one else will think of!

Many thanks,

Miss Partington, Mr Stephens, Mrs Worth and Miss Hett
