

Monday 16th March 2026

PHE Week A

Priority updates

In the Spring term, Durham Johnston staff will be sharing their specialist expertise in a series of open lectures. This is a celebration of our teachers' sapience and our students' curiosity. In the spirit of Christopher Wren's Royal Society lectures or Michael Faraday's Christmas Lectures, our lectures will be public education - entertaining and open to all staff and students at Durham Johnston. Mrs Bothwell is our first host and her lecture title is: *How to get people to agree: ideas from Classical Athens*. James Hall on 17th March, 3-3.45pm

Submissions for the spring edition of the **super-curricular magazine** are open now, **deadline Monday 23rd March**. We are looking for academic essays and articles, art/photography, academic book reviews and non-academic book reviews. There will be a section on super-curricular recommendations - so we are especially looking for Year 13 students to give us some short reviews of things they have read/watched/listened to that they would recommend to Year 12. See example here [Maths review.pdf](#). Please email your submissions to DobsonA@durhamjohnston.org.uk

Interested in Engineering? See Teams message for Engineering visit to Durham University.

Year 13 Leavers' Ball – payments to be made on ParentPay. We cannot take your food choices or place you on the seating plan until you have paid.

Reminder: [Destination Durham - Durham University](#) (20th March deadline for applicants)

Year 12 – UCAS Discovery Day – get your QR ticket, pay via ParentPay and you/parents complete the EV4 form (emailed to parents via Class Charts) and found here: [EV4 Parental Consent Form - UCAS Discovery Day – Fill in form](#)

Year 12 – University of Leeds open day – Friday 12th June – Places are limited, so you will need to submit the digital EV4 form here [EV4 Parental Consent Form - University of Leeds Open Day – Fill in form](#) and pay the £15 via ParentPay in order to secure your place, allocated on a first come first served basis. Payment live now on Teams and will close May 1st.

LSE Explore: Year 12

LSE Explore is a series of online and in-person subject taster events for Year 12 students which offer an insight into selected undergraduate degree subjects at LSE.

Applications for LSE Explore 2026 are open and will close on Sunday 29 March at 11:59pm.

This year's series will include six online academic subject taster events, online admissions sessions, and three in-person Explore Extra events.

The six departments participating in LSE Explore 2026 are:

- Anthropology
- Economic History
- International History
- International Relations
- Management
- Philosophy, Logic and Scientific Method

<https://www.lse.ac.uk/study-at-lse/Undergraduate/widening-participation/Sixth-form-college/lse-explore-year-12>

Online subject sessions – University of Cambridge – lots more than those listed below. Even if you are not interested in Cambridge, sign up to the subject taster.

<https://www.undergraduate.study.cam.ac.uk/events-listing>

Immerse Education Blog Competition – Win a Funded 1:1 Online Research Opportunity

Students aged 13–18 are invited to submit a 300-word piece of writing in an area of their choice.

We are seeking blogs that demonstrate intellectual independence, conceptual depth, and serious engagement beyond the school curriculum, the qualities expected of students preparing for highly competitive university courses.

Selected entries will be published, and overall winners will receive **fully funded places on the one-to-one Immerse Online Research Programme**. Students work individually with an academic mentor, including researchers with backgrounds at Oxford, Cambridge, and leading Ivy League institutions, to design and complete an original research project culminating in a substantial academic paper.

To participate, details and submission guidelines are available [here](#).

Leeds University: Social Sciences Summer School 2026 – 23rd-25th June

The University of Leeds is inviting Year 12 learners to apply for its three-day, two-night Social Sciences Summer School, running 23–25 June 2026. This free residential programme is an excellent opportunity for students interested in subjects such as Environment, Geography, Sociology, Education, Politics and International Studies, and Business to deepen their understanding of the social sciences.

Apply by 5th April

Newcastle Uni - Bitesize Uni Residential Summer School

Applications are now open for our Year 12 Summer School! On the event, students can:
explore a subject area via academic led sessions
join in with fun social activities
experience staying residentially on the University's Campus
speak to current staff and students.

Please share the opportunity with your students. Applications close on Friday, 27 March 2026. Please note that we reserve the right to close applications early in the event of an exceptionally high volume of sign ups.
