

Miss Cave's Class

Do this when you have finished the relevant work from the last document. Continue at the same level as you were working on before- Entry Level or GCSE.

For the topics listed: watch the relevant video on [corbettmaths](#) and then trying the textbook exercise that is next to the video. You do not have to do every single question- feel free to skip to later questions within each exercise if you think you've got the hang of something!

Entry Level

Watch the relevant video on [corbettmaths](#) and then trying the textbook exercise that is next to the video.

Topic	Corbettmaths video number
1. Add/subtract decimals	90,91
2. Percentages	234
