Find out more and have your say.

Bowmer & Kirkland are working with the Education & Skills Funding Agency and the Twyford CofE Academies Trust to develop proposed plans for Ealing Fields High School, a 4FE Secondary School.

The school will accommodate up to 840 students and will include a performance centre, sports hall, and external play areas.

The project will see the refurbishment and reuse of the 18th century Place House and service wing, as well as the gatehouse and folly.

This consultation is your opportunity to see our work so far, meet our team and to have your say.

We look forward to meeting you.
