Love Your Year 6s: enterprise Event

Whether you were buying a book; bottle flipping or sponging, thanks to all our parents for your support £262.30 was raised which part funds our Year 6 trip to Wicksteed Park on 9th July 2025.

Well done to Freddie R who won the impossible goal challenge and Llyeton who won the bottle flip challenge. Book Club voucher for you both at school!

Additional thanks to staff, the Year 6s and especially to FOES for their organisation and planning this Enterprise event.

Safer Internet Day: Poster Competition: Message from Mrs Tan

Congratulations to Finley, Emilia R, Elsie L, Evelyn and Emilia P for winning one of the five Best Poster Awards for Safer Internet Day! They not only created visually engaging and colourful posters with clear layouts, but also included informative content that teaches us how to stay safe online. The poster will be displayed in the school's new computing suite!

Year 5/6 Rotary Quiz: Message from Mrs Matthews

A big thank you to the children who proudly represented our school at the annual Rotary Club Quiz. Competing against 16 local schools, they showcased their impressive knowledge across a wide range of subjects, including geography, science, music, and maths. Their hard work and teamwork earned them an excellent **6th place finish** - a fantastic achievement! We are incredibly proud of their dedication and enthusiasm. Well done, Rauf Class!

YDP: Boxercise

25 children signed up for this club. On the few occasions I was able to *dip in* it was lovely to see children from Year R to 6 all engaged. As the weeks progress, so too will their skills and the amount of time they spend building stamina and 'boxercising!'.

Learning Highlights of the Week

Antony Highlights:

In Antony Class, we have enjoyed using another of Steve Antony's books, *The Queen's Lift-Off*. We were able to make links with our prior learning about space, recalling the names of the different planets and what we knew about the International Space Station.

Wenzel Highlights:

Our trip to the Cambridge Museum of Technology was a fantastic hands-on learning experience! The children used their science skills to create working circuits, successfully lighting up LED bulbs. They also enjoyed a fascinating tour of the museum, discovering how the old pumping station operated and learning about the history of technology.

Larwood Highlights:

In maths this week, children in Larwood Class have been investigating and deepening their understanding of patterns in times tables. Looking closely at square numbers, noticing what happens when factors are odd or even, and answering multi-step reasoning problems, we have really gained confidence with our tables! We have also enjoyed learning about Northern Ireland (especially the tale of Finn McCool) and taking part in gut-busting circuit training in PE!

Rauf Highlights:

This week, we have been exploring artistic expression, through calligraphy and Chinese art. Children discussed and designed their own unique calligraphy pieces, experimenting with different styles, strokes, and lettering techniques. It was lovely to see the children's creativity shine through as they brought their own interpretations to life.
