15th September 2025

Dear Parents,

Phonics Information Events for Parents:

These sessions will provide an overview of how we teach phonics and support early reading development. We will explain how you can help at home and what to expect as your child progresses.

YR Tuesday 23rd September, 2.45-3.15

In Reception, we follow a systematic phonics scheme called Little Wandle to help children learn letter sounds, blending, and segmenting skills. Children will begin bringing home reading books matched to their phonic knowledge to practise and enjoy with you. This session will explain how we teach phonics and early reading, and how you can support your child at home.

Y1 Tuesday 30th September, 2.45-3.15

In Year 1, children continue to develop their phonic skills with more complex sounds and blending practise. This session will also provide information about the statutory Phonics Screening Check (PSC), and highlight the importance of daily reading and phonics in building fluency and comprehension.

Yours sincerely

Jill Nicholls

EYFS Lead
