

## Earith Primary School Song

*This is Earith, meaning mud*

*We'll sing about it, bad and good*

*Come over the bridge you bandy buds*

*To a place of swans and fruit and floods*

Want to go to Cambridge? Want to go to Ely?

That is why they built the bridge so you could get there freely

But complaints were made in 1346

Travel and trade could not be made, it had to be fixed

*This is Earith meaning mud*

*We'll sing about it, bad and good*

*Come over the bridge you bandy buds*

*To a place of swans and fruit and floods*

Bandy is a sport that was invented here

Prince Albert even played it once to Victoria's cheers

The merry men of Bury Fen on the ice would play

There were no rules, if you dropped your stick they'd just throw it away

*This is Earith, meaning mud*

*We'll sing about it, bad and good*

*Come over the bridge you bandy buds*

*To a place of swans and fruit and floods*

The George & Dragon pub, it was cut in half

For the Hover train which never came, what a massive laugh

300 miles an hour, magnet power they say

But it only went 12 miles an hour so they put the plans away

*This is Earith, meaning mud*

*We'll sing about it, bad and good*

*Come over the bridge you bandy buds*

*To a place of swans and fruit and floods*

*Jobs included cream cheese makers,*

*the brewers, the higglers, confectioners and drapers*

*carpenters, horse dealers, plumbers, dress makers*

*post masters, inn keepers, butchers and bakers*

*This is Earith, meaning mud*

*We'll sing about it, bad and good*

*Come over the bridge you bandy buds*

*To a place of swans and fruit and floods*

Here the swans inspire us, no other bird we'd choose

Majestically and gracefully glides up the Great Ouse

And here at Earith Primary empowering all the kids

Our very own school mascot, a cygnet we call Sid!

*This is Earith, meaning mud*

*We'll sing about it, bad and good*

*Come over the bridge you bandy buds*

*To a place of swans and fruit and floods*
