

OUTDOOR LEARNING AT EASTBURY!

Learning inside and out!

CONTENTS OF THIS ISSUE

LEARNING OUTSIDE!

Our aim is to teach children that learning can occur everywhere! Have a look at the high-quality learning taking place outside the four walls!

TREE RUBBING

Children in year 1 were able to go outside and find a tree in the playground and take a bark rubbing. The children loved exploring the patterns and textures of bark with this tactile outdoor activity.

DIG, DIG, DIG

Reception had an awesome time digging in the mud area using the garden tools. They dug so deep that they found a fat worm and had a close look at it!

THE GREAT FIRE OF LONDON

Year 2 children above

Year 2 had a fantastic time in their history lesson this week - they really enjoyed their outdoor learning as part of their Great Fire of London topic. The children were able to test out the 1666 method of putting out a fire and explore how easy or difficult it would have been for the people of London back then.

READING THRONE

Nursery have taken reading outside and are encouraging reading as a group. The children have enjoyed listening to stories and being storytellers.

Year 3 reading in the garden centre

The children love learning outside and exploring nature!

Teacher Ms Muntianu

MINIBEAST HUNT

Reception children above

As part of their Science lesson, Reception children went on a Minibeast hunt in the garden centre. The children were very excited and worked really hard to find minibeasts. They enjoyed ticking the minibeast list on their clipboards as they found them. The children were really lucky and managed to see bees, ladybirds, ants, spiders and more!

“ Seeing the children have fun with the activities we prepared for them was a thrill!

Teacher Mrs Martinez

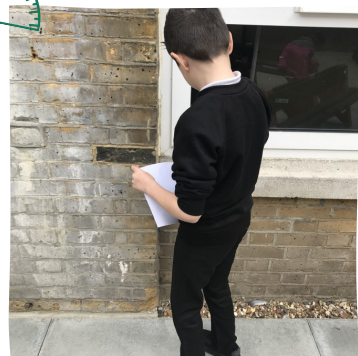

MEASURING

Year 6 on the right

The children explored speed, distance and time. They were able to measure the length and width of different areas in the school, they times how long it took a child to run the length and therefore were able to calculate the width.

Below - children watering the growing plants!

Year 1 took a journey into the past to discover the first-ever aeroplane and the two incredible brothers who invented it. They then created their own paper aeroplanes and measured how far they could fly.

Above are year 5 children investigating angles using a protractor.
