

### Key Stage 1 Home Learning Activities

Plant some daisies, poppies, or other wild flowers. Draw and write a flower diary about the changes you see each week. Take photographs or draw pictures to show your flowers as they grow and change.

For your daily exercise, take your family for a woodland walk near your home. Take photographs of interesting flowers or trees to upload to seesaw.

Search the web for images and facts about amazing woodlands or forests around the world. Make a scrapbook or PowerPoint showing the best ones.

**What might you find in the woods?**

Measure the length or height of small trees or bushes, sticks, twigs and leaves found in your garden, local park or woodland.

Go on a tree hunt. Can you show an adult a coniferous (evergreen) and deciduous tree? Find out what the words 'coniferous' and 'deciduous' mean.

Write a 'Who am I?' riddle for family and friends to solve. Write clues about a woodland animal, plant or tree.

Make miniature homes and gardens for fairies and pixies from natural materials such as bark, pebbles, twigs, leaves and pine cones.

Make patterns and sculptures using natural materials in your garden. Take photographs of your artwork. Find out about famous artists who use the woodland for inspiration.

Have fun building a den with your family. Draw a picture or take a photograph of it to upload to seesaw. Write about how you made your den and the materials you used.
